Administrative Committee of the Plan
Phillips-Van Heusen Corporation
Associates Investment Plan for Residents
of the Commonwealth of Puerto Rico

We have audited the accompanying statements of net assets available for benefits of the Phillips-Van Heusen Corporation Associates Investment Plan for Residents of the Commonwealth of Puerto Rico (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of investments held at year end at fair value as of December 31, 2010, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

For the Years Ended December 31, 2010 and 2009

1. Description of the Plan

The following description of the Phillips-Van Heusen Corporation (the "Company") Associates Investment Plan for Residents of the Commonwealth of Puerto Rico (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Trustee and Recordkeeper

The Plan's trustee is Charles Schwab Trust Company (the "Trustee"). The Plan's recordkeeper is Schwab Retirement Plan Services, Inc.

General

The Plan is a defined contribution plan covering salaried and hourly retail field workers who are residents of the Commonwealth of Puerto Rico who are at least age 21 or older, have completed the earlier of; at least three consecutive months of service and are regularly scheduled to work at least 20 hours per week; or have completed at least 1,000 hours of service during the first 12 months of employment. The Plan is subject to the reporting and disclosure requirements of the Employer Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 10% of pre-tax annual compensation, as defined by the Plan, up to the maximum amount allowed by law. In addition, eligible participants who have attained age 50 before the close of the plan year shall be eligible to make catch-up contributions up to \$1,000. The Company matches 100% of the first 1% of eligible compensation that a participant contributes to the Plan, plus 50% of the next 5% of eligible compensation contributed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

NOTES TO FINANCIAL STATEMENTS

Vesting

Amounts attributable to employee contributions and the allocated earnings thereon are immediately vested. Participants become 100% vested in Company contributions and the allocated earnings thereon after two years of service. Upon death, permanent disability, or reaching age 65, participants or their beneficiaries become 100% vested in Company contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee or Company contributions into any one of four pre-mixed asset allocation models or any of 11 individual investment options. A participant may contribute a maximum of 25% of employee contributions into the PVH Stock Fund.

Notes Receivable from Participants

Participants may borrow from the Plan, with certain restrictions, using their vested account balance as collateral. The minimum loan amount is \$1,000 and the maximum loan amount is the lesser of (i) \$50,000 reduced by the participant's highest outstanding loan balance during the previous 12 months, or (ii) 50% of the vested value of the participant's account. Interest is fixed for the term of the loan at the prime rate plus 1%. Loan repayments are made through payroll deductions, which may be specified for a term of 1 to 5 years or up to 15 years for the purchase of a primary residence. Upon termination of employment, a participant is given 90 days to repay the loan in full before it is considered to be in default. Delinquent loans are considered to be distributions based on the terms of the Plan document. Participant loans are measured as the unpaid principal balance plus any accrued but unpaid interest.

At December 31, 2010, outstanding notes receivable from participants totaled \$33,669, with maturity dates through 2016 at interest rates ranging from 4.25% to 9.00%.

Forfeitures

Contributions made on behalf of non-vested or partially vested employees who have terminated are retained by the Plan and are used to reduce the Company's future matching contributions. In 2010, no forfeitures were used by the Plan to reduce the Company's

OF THE COMMONWEALTH OF PUERTO RICO

NOTES TO FINANCIAL STATEMENTS

matching contributions. In 2009, forfeitures of \$1,739 were used by the Plan to reduce the Company's matching contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$956 and \$543, respectively.

Payment of Benefits

Participants electing final distributions will receive payment in the form of a lump sum amount equal to the value of their vested account unless the participant notifies the Company of their intent to receive all or a portion of their balance attributable to the PVH Stock Fund paid in the form of shares of the Company's Common Stock.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan were prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

PHILLIPS-VAN HEUSEN CORPORATION
ASSOCIATES INVESTMENT PLAN FOR RESIDENTS
OF THE COMMONWEALTH OF PUERTO RICO

NOTES TO FINANCIAL STATEMENTS

Investments

Investments are recorded in the accompanying financial statements at fair value. See Note 4 for additional information. Purchases and sales of securities are reflected on a trade date basis. All assets of the Plan are held by the Trustee and are segregated from the assets of the Company.

In accordance with accounting guidance for defined contribution plans, investments in benefit-responsive investment contracts must be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. The Statements of Net Assets Available for Benefits present the fair value of the investments in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Reclassifications

For comparative purposes, certain prior period amounts have been reclassified to conform to the current year's presentation.

Recent Accounting Guidance

In January 2010, the Financial Accounting Standards Boards ("FASB") issued ASU 2010-06, *Improving Disclosures About Fair Value Measurements*, which requires (1) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and the reasons for the transfers, (2) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, (3) fair value measurements for each class of assets and liabilities, and (4) disclosures about the valuations techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level 2 or Level 3. The Plan adopted this guidance for the year ended December 31, 2010, except for the provisions which are not effective until the year ended December 31, 2011. The

ASSOCIATES INVESTMENT PLAN FOR RESIDENTS
OF THE COMMONWEALTH OF PUERTO RICO

NOTES TO FINANCIAL STATEMENTS

adoption of the additional requirements for the year ended December 31, 2011 is not anticipated to have any impact on the Plan's financial statements.

In September 2010, the FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Plans*, which requires participant loans in the financial statements of defined contribution pension plans be recorded as notes receivable and measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans were previously classified as plan investments and measured at fair value. This guidance was effective for annual reporting periods ending after December 15, 2010. Upon adoption, the Plan applied the guidance retrospectively and reclassified the loans on the Statements of Net Assets Available for Benefits as of December 31, 2009.

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, to clarify and revise the requirements for measuring fair value and for disclosing information about fair value measurements. The Plan is currently evaluating the impact of this new guidance on the Plan's financial statements.

3. Transactions with Parties-in-Interest

During the years ended December 31, 2010 and 2009, the Plan purchased 136 and 544 shares, respectively, and sold 162 and 371 shares of the Company's common stock, respectively. The Plan also received \$133 and \$89 during 2010 and 2009, respectively, from the Company as payment of dividends on its common stock.

4. Fair Value Measurements

The FASB defines fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The guidance establishes a three level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of the hierarchy are defined as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that management has the ability to access at the measurement date.

PHILLIPS-VAN HEUSEN CORPORATION
ASSOCIATES INVESTMENT PLAN FOR RESIDENTS
OF THE COMMONWEALTH OF PUERTO RICO

NOTES TO FINANCIAL STATEMENTS

Level 2 – Observable inputs other than quoted prices included in Level 1, including quoted prices for identical assets or liabilities in inactive markets, quoted prices for similar assets or liabilities in active markets, inputs other than quoted prices that are observable for the asset or liability and inputs derived principally from or corroborated by observable market data.

Level 3 – Unobservable inputs reflecting management’s own assumptions about the inputs that market participant would use in pricing the asset or liability based on the best information available.

If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

The following tables set forth the financial assets of the Plan by level within the fair value hierarchy, as of December 31, 2010 and 2009:

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated April 27, 1995 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (“the Code”) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter and a new determination letter will be applied for. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.
