SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended October 29, 2023

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the transition period from _____ to _____

Commission File Number 001-07572

PVH CORP.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

13-1166910

(I.R.S. Employer
Identification No.)

285 Madison Avenue, New York, New York

(Address of principal executive offices)

10017

(Zip Code)

(212) 381-3500

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol	Name of each exchange on which registered
Common Stock, \$1.00 par value	PVH	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large Accelerated Filer

Non-accelerated filer

Accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The number of outstanding shares of common stock of the registrant as of November 29, 2023 was 59,637,507.

SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995: Forward-looking statements in this Quarterly Report on Form 10-Q, including, without limitation, statements relating to our future revenue, earnings and cash flows, plans, strategies, objectives, expectations and intentions are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Investors are cautioned that such forward-looking statements are inherently subject to risks and uncertainties, many of which cannot be predicted with accuracy, and some of which might not be anticipated, including, without limitation, (i) our plans, strategies, objectives, expectations and intentions are subject to change at any time at our discretion; (ii) our ability to realize anticipated benefits and savings from divestitures, restructurings and similar plans, such as the headcount cost reduction initiative announced in August 2022, the 2021 sale of assets of, and exit from, our Heritage Brands menswear and retail businesses, and the November 2023 sale of the Heritage Brands women's intimate apparel business to focus on our Calvin Klein and Tommy Hilfger businesses; (iii) the ability to realize the intended benefits from the acquisition of licensees or the reversion of licensed rights (such as the announced plan to bring in-house most of the product categories currently licensed to G-III Apparel Group, Ltd. upon the expirations over time of the underlying license agreements) and avoid any disruptions in the businesses during the transition from operation by the licensee to the direct operation by the Company; (iv) we have significant levels of outstanding debt and borrowing capacity and we use a significant portion of our cash flows to service our indebtedness, as a result of which we might not have sufficient funds to operate our businesses in the manner we intend or have operated in the past; (v) the levels of sales of our apparel, footwear and related products, both to our wholesale customers and in our retail stores and our directly operated digital commerce sites, the levels of sales of our licensees at wholesale and retail, and the extent of discounts and promotional pricing in which we and our licensees and other business partners are required to engage, all of which can be affected by weather conditions, changes in the economy (including inflationary pressures like those currently being seen globally), fuel prices, reductions in travel, fashion trends, consolidations, repositionings and bankruptcies in the retail industries, consumer sentiment and other factors; (vi) our ability to manage our growth and inventory; (vii) quota restrictions, the imposition of safeguard controls and the imposition of new or increased duties or tariffs on goods from the countries where we or our licensees produce goods under our trademarks, any of which, among other things, could limit the ability to produce products in cost-effective countries, or in countries that have the labor and technical expertise needed, or require us to absorb costs or try to pass costs onto consumers, which could materially impact our revenue and profitability; (viii) the availability and cost of raw materials; (ix) our ability to adjust timely to changes in trade regulations and the migration and development of manufacturers (which can affect where our products can best be produced); (x) the regulation or prohibition of the transaction of business with specific individuals or entities and their affiliates or goods manufactured in (or containing raw materials or components from) certain regions, such as the listing of a person or entity as a Specially Designated National or Blocked Person by the U.S. Department of the Treasury's Office of Foreign Assets Control and the issuance of Withhold Release Orders by the U.S. Customs and Border Protection; (xi) changes in available factory and shipping capacity, wage and shipping cost escalation, and store closures in any of the countries where our licensees' or wholesale customers' or other business partners' stores are located or products are sold or produced or are planned to be sold or produced, as a result of civil conflict, war or terrorist acts, the threat of any of the foregoing, or political or labor instability, such as the current war in Ukraine that led to our exit from our retail business in Russia and the cessation of our wholesale operations in Russia and Belarus, and the temporary cessation of business by many of our business partners in Ukraine; (xii) disease epidemics and health-related concerns, such as the recent COVID-19 pandemic, which could result in (and, in the case of the COVID-19 pandemic, did result in some of the following) supply-chain disruptions due to closed factories, reduced workforces and production capacity, shipping delays, container and trucker shortages, port congestion and other logistics problems, closed stores, and reduced consumer traffic and purchasing, or governments implement mandatory business closures, travel restrictions or the like, and market or other changes that could result in shortages of inventory available to be delivered to our stores and customers, order cancellations and lost sales, as well as in noncash impairments of our goodwill and other intangible assets, operating lease right-of-use assets, and property, plant and equipment; (xiii) actions taken towards sustainability and social and environmental responsibility as part of our sustainability and social and environmental strategy, may not be achieved or may be perceived to be falsely claimed, which could diminish consumer trust in our brands, as well as our brands' value; (xiv) the failure of our licensees to market successfully licensed products or to preserve the value of our brands, or their misuse of our brands; (xv) significant fluctuations of the U.S. dollar against foreign currencies in which we transact significant levels of business; (xvi) our retirement plan expenses recorded throughout the year are calculated using actuarial valuations that incorporate assumptions and estimates about financial market, economic and demographic conditions, and differences between estimated and actual results give rise to gains and losses, which can be significant, that are recorded immediately in earnings, generally in the fourth quarter of the year; (xvii) the impact of new and revised tax legislation and regulations; and (xviii) other risks and uncertainties indicated from time to time in our filings with the Securities and Exchange Commission.

We do not undertake any obligation to update publicly any forward-looking statement, including, without limitation, any estimate regarding revenue, earnings or cash flows, whether as a result of the receipt of new information, future events or otherwise.

1. GENERAL

PVH Corp. and its consolidated subsidiaries (collectively, the “Company”) constitute a global apparel company with a brand portfolio that includes *TOMMY HILFIGER* and *Calvin Klein*, which are owned, *Warner’s*, *Olga* and *True&Co.*, which the Company owned until November 27, 2023, *Van Heusen* and *Nike*, which the Company licenses for certain product categories, and other owned and licensed brands. The Company entered into a definitive agreement on November 10, 2023 to sell its Warner’s, Olga and True&Co. businesses to Basic Resources and completed the sale on November 27, 2023 (the “Heritage Brands intimate apparel transaction”). The Company designs and markets branded sportswear (casual apparel), jeanswear, performance apparel, intimate apparel, underwear, swimwear, dress shirts, handbags, accessories, footwear and other related products and licenses its owned brands globally over a broad array of product categories and for use in numerous discrete jurisdictions.

The consolidated financial statements include the accounts of the Company. Intercompany accounts and transactions have been eliminated in consolidation. Investments in entities that the Company does not control but has the ability to exercise significant influence over are accounted for using the equity method of accounting. The Company’s Consolidated Statements of Operations include its proportionate share of the net income or loss of these entities. Please see Note 5, “Investments in Unconsolidated Affiliates,” for further discussion.

The Company’s fiscal years are based on the 52-53 week periods ending on the Sunday closest to February 1 and are designated by the calendar year in which the fiscal year commences. References to a year are to the Company’s fiscal year, unless the context requires otherwise.

The accompanying unaudited consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States (“U.S. GAAP”) for interim financial information. Accordingly, they do not contain all disclosures required by U.S. GAAP for complete financial statements. Reference is made to the Company’s audited consolidated financial statements, including the notes thereto, included in the Company’s Annual Report on Form 10-K for the year ended January 29, 2023.

The preparation of the interim financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ materially from these estimates.

The results of operations for the thirteen and thirty-nine weeks ended October 29, 2023 and October 30, 2022 are not necessarily indicative of those for a full fiscal year due, in part, to seasonal factors. Furthermore, the data contained in these consolidated financial statements are unaudited and are subject to year-end adjustments. However, in the opinion of management, all known adjustments have been made to present fairly the consolidated operating results for the unaudited periods.

There is significant uncertainty in the current macroeconomic environment due to inflationary pressures globally, the war in Ukraine, the Israel-Hamas war that began in October 2023 and foreign currency volatility and their impacts on the Company’s business. If economic conditions were to worsen, the Company’s results of operations, financial condition and cash flows from operations may be materially and adversely impacted.

War in Ukraine and Israel-Hamas War

As a result of the war in Ukraine, the Company announced in March 2022 that it was temporarily closing stores and pausing commercial activities in Russia and Belarus. In the second quarter of 2022, the Company made the decision to exit from its Russia business, including the closure of its retail stores in Russia and the cessation of its wholesale operations in Russia and Belarus. Additionally, while the Company has no direct operations in Ukraine, virtually all of its wholesale customers and franchisees in Ukraine have been impacted, which has resulted in a reduction in shipments to these customers and canceled orders. The war in Ukraine also led to broader macroeconomic implications in 2022, including the weakening of the euro against the United States dollar, increases in fuel prices and volatility in the financial markets, as well as a decline in consumer spending.

The recent Israel-Hamas war, which began in October 2023, is not expected to have a material impact on the Company's business. Less than 1% of the Company's revenue in 2023 is expected to be generated in Israel and less than 2% of the Company's revenue in 2023 is expected to be generated in the Middle East, including Israel.

There is uncertainty regarding the extent to which these wars and their broader macroeconomic implications, including the potential impacts on the broader European market, will further impact the Company's business, financial condition and results of operations for the remainder of 2023.

COVID-19 Pandemic

The COVID-19 pandemic had a significant impact on the Company's business, results of operations, financial condition and cash flows from operations during 2022. The pandemic did not have a significant impact on the Company during the first nine months of 2023.

Strict lockdowns in China during 2022 resulted in extensive temporary store closures and significant reductions in consumer traffic and purchasing, as well as impacted certain warehouses, which resulted in the temporary pause of deliveries to the Company's wholesale customers and from its digital commerce business in the first half of 2022. COVID-related restrictions in China were lifted at the end of the fourth quarter of 2022.

In addition, the Company's North America stores have been challenged by the significant decrease in international tourists coming to the United States since the onset of the pandemic. Stores located in international tourist destinations had represented a significant portion of the North America retail business prior to the pandemic.

In addition, pandemic-related supply chain and logistics disruptions have impacted the Company's supply chain partners, including third party manufacturers, logistics providers and other vendors, as well as the supply chains of its licensees. These supply chains have experienced disruptions as a result of closed factories or factories operating with a reduced workforce, or other logistics constraints, including vessel, container and other transportation shortages, labor shortages and port congestion due to the impact of the pandemic. These impacts significantly improved in the second half of 2022.

2. REVENUE

The Company generates revenue primarily from sales of finished products under its owned trademarks through its wholesale and retail operations. The Company also generates royalty and advertising revenue from licensing rights to its trademarks to third parties. Revenue is recognized upon the transfer of control of products or services to the Company's customers in an amount that reflects the consideration to which it expects to be entitled in exchange for those products or services.

Performance Obligations Under License Agreements

As of October 29, 2023, the contractual minimum fees on the portion of all license agreements not yet satisfied totaled \$829.2 million, of which the Company expects to recognize \$56.1 million as revenue during the remainder of 2023, \$262.5 million in 2024 and \$510.6 million thereafter. The Company elected not to disclose the remaining performance obligations for contracts that have an original expected term of one year or less and expected sales-based percentage fees for the portion of all license agreements not yet satisfied.

Deferred Revenue

Changes in deferred revenue, which primarily relate to customer loyalty programs, gift cards and license agreements for the thirty-nine weeks ended October 29, 2023 and October 30, 2022 were as follows:

(In millions)	Thirty-Nine Weeks Ended	
	10/29/23	10/30/22
Deferred revenue balance at beginning of period	\$ 54.3	\$ 44.9
Net additions to deferred revenue during the period	40.4	28.9
Reductions in deferred revenue for revenue recognized during the period ⁽¹⁾	(46.3)	(39.0)
Deferred revenue balance at end of period	<u>\$ 48.4</u>	<u>\$ 34.8</u>

⁽¹⁾ Represents the amount of revenue recognized during the period that was included in the deferred revenue balance at the beginning of the period and does not contemplate revenue recognized from amounts deferred during the period. The amounts include \$4.0 million and \$2.7 million of revenue recognized during the thirteen weeks ended October 29, 2023 and October 30, 2022, respectively.

The Company also had long-term deferred revenue liabilities included in other liabilities in its Consolidated Balance Sheets of \$10.0 million, \$12.1 million and \$12.5 million as of October 29, 2023, January 29, 2023 and October 30, 2022, respectively.

Please see Note 17, "Segment Data," for information on the disaggregation of revenue by segment and distribution channel.

3. INVENTORIES

Inventories are comprised principally of finished goods and are stated at the lower of cost or net realizable value, except for certain retail inventories in North America that are stated at the lower of cost or market using the retail inventory method. Cost for all wholesale inventories in North America and certain wholesale and retail inventories in Asia is determined using the first-in, first-out method. Cost for all other inventories is determined using the weighted average cost method. The Company reviews current business trends and forecasts, inventory aging and discontinued merchandise categories to determine adjustments that it estimates will be needed to liquidate existing clearance inventories and record inventories at either the lower of cost or net realizable value or the lower of cost or market using the retail inventory method, as applicable.

4. ASSETS HELD FOR SALE

The Company entered into a definitive agreement on November 10, 2023 to sell its Warner's, Olga and True&Co. businesses to Basic Resources for \$160.0 million in cash, subject to adjustment, and subsequently completed the sale on November 27, 2023. There is a potential earnout of up to \$10.0 million that the Company may receive subsequent to the earnout period, based on calendar year 2024 net sales of a portion of the sold businesses. The Company classified the assets subject to the Heritage Brands intimate apparel transaction as held for sale during the third quarter of 2023.

The carrying value of the assets classified as held for sale in the Company's Consolidated Balance Sheet as of October 29, 2023 was determined to be lower than the fair value, less costs to sell. As such, the Company will record a pre-tax gain in the fourth quarter of 2023 in connection with the closing of the transaction.

The net assets classified as held for sale in the Company’s Consolidated Balance Sheet as of October 29, 2023 were included in the Heritage Brands Wholesale segment and consisted of the following:

(In millions)

Assets held for sale:		
Inventories, net	\$	43.2
Prepaid expenses		0.5
Goodwill, net ⁽¹⁾		—
Tradenames		95.8
Other Intangibles, net ⁽²⁾		—
Total assets held for sale	\$	139.5

⁽¹⁾ Goodwill, net includes goodwill, gross of \$105.0 million and accumulated impairment losses of \$105.0 million. Please see Note 6, “Goodwill and Other Intangible Assets,” for further discussion.

⁽²⁾ Other Intangibles, net includes customer relationships, gross of \$18.0 million and accumulated amortization of \$18.0 million.

5. INVESTMENTS IN UNCONSOLIDATED AFFILIATES

The Company had investments in unconsolidated affiliates of \$198.0 million, \$190.2 million and \$175.4 million as of October 29, 2023, January 29, 2023 and October 30, 2022, respectively. These investments are accounted for under the equity method of accounting and included in other assets in the Company’s Consolidated Balance Sheets. The Company received dividends of \$30.1 million and \$16.2 million from these investments during the thirty-nine weeks ended October 29, 2023 and October 30, 2022, respectively.

The Company completed the sale of its economic interest in Karl Lagerfeld Holding B.V. (“Karl Lagerfeld”) to a subsidiary of G-III Apparel Group, Ltd. (the “Karl Lagerfeld transaction”) on May 31, 2022 for approximately \$20.5 million in cash, subject to customary adjustments, of which \$19.1 million was received during the second quarter of 2022 and \$1.4 million which was previously held in escrow was received in the fourth quarter of 2023. The carrying value of the Company’s investment in Karl Lagerfeld was \$1.0 million immediately prior to the completion of the sale.

In connection with the closing of the Karl Lagerfeld transaction, the Company recorded a pre-tax gain of \$16.1 million during the second quarter of 2022, which reflected (i) the excess of the proceeds over the carrying value of the Karl Lagerfeld investment, less (ii) \$3.4 million of foreign currency translation adjustment losses previously recorded in accumulated other comprehensive loss. The gain was included in equity in net income of unconsolidated affiliates in the Company’s Consolidated Statement of Operations and recorded in corporate expenses not allocated to any reportable segments, consistent with how the Company has historically recorded its proportionate share of the net income or loss of its investment in Karl Lagerfeld.

Please see Note 5, “Investments in Unconsolidated Affiliates,” in the Notes to Consolidated Financial Statements included in Item 8 of the Company’s Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of the Karl Lagerfeld investment.

6. GOODWILL AND OTHER INTANGIBLE ASSETS

The changes in the carrying amount of goodwill for the thirty-nine weeks ended October 29, 2023, by segment (please see Note 17, “Segment Data,” for further discussion of the Company’s reportable segments), were as follows:

(In millions)	Calvin Klein North America	Calvin Klein International	Tommy Hilfiger North America	Tommy Hilfiger International	Heritage Brands Wholesale	Total
Balance as of January 29, 2023						
Goodwill, gross	\$ 781.8	\$ 885.0	\$ 203.0	\$ 1,587.6	\$ 105.0	\$ 3,562.4
Accumulated impairment losses	(449.9)	(471.3)	(177.2)	—	(105.0)	(1,203.4)
Goodwill, net	331.9	413.7	25.8	1,587.6	—	2,359.0
Reclassification of goodwill, gross to assets held for sale	—	—	—	—	(105.0)	(105.0)
Reclassification of accumulated impairment losses to assets held for sale	—	—	—	—	105.0	105.0
Currency translation	—	(11.6)	—	(60.9)	—	(72.5)
Balance as of October 29, 2023						
Goodwill, gross	781.8	873.4	203.0	1,526.7	—	3,384.9
Accumulated impairment losses	(449.9)	(471.3)	(177.2)	—	—	(1,098.4)
Goodwill, net	\$ 331.9	\$ 402.1	\$ 25.8	\$ 1,526.7	\$ —	\$ 2,286.5

The Company reclassified \$105.0 million of goodwill, gross and a corresponding \$105.0 million of accumulated impairment losses to assets held for sale in the Company’s Consolidated Balance Sheet as of October 29, 2023 in connection with the Heritage Brands intimate apparel transaction. The Company also reclassified \$95.8 million of tradenames to assets held for sale in the Company’s Consolidated Balance Sheet as of October 29, 2023 in connection with the transaction. Please see Note 4, “Assets Held for Sale,” for further discussion.

The Company assesses the recoverability of goodwill and other indefinite-lived intangible assets annually, at the beginning of the third quarter of each fiscal year, and between annual tests if an event occurs or circumstances change that would indicate that it is more likely than not that the carrying amount may be impaired. Impairment testing for goodwill is done at the reporting unit level. Impairment testing for other indefinite-lived intangible assets is done at the individual asset level. Intangible assets with finite lives are amortized over their estimated useful life and are tested for impairment, along with other long-lived assets, when events and circumstances indicate that the assets might be impaired. Indefinite-lived intangible assets and intangible assets with finite lives are tested for impairment prior to assessing the recoverability of goodwill. Please see Note 1, “Summary of Significant Accounting Policies,” in the Notes to Consolidated Financial Statements included in Item 8 of the Company’s Annual Report on Form 10-K for the year ended January 29, 2023 for discussion of the Company’s goodwill and other intangible assets impairment testing process.

Goodwill Impairment Testing

2023 Annual Impairment Test

For the 2023 annual goodwill impairment test performed as of the beginning of the third quarter of 2023, the Company elected to perform a qualitative assessment first to determine whether it was more likely than not that the fair value of each reporting unit with allocated goodwill was less than its carrying amount.

The Company assessed relevant events and circumstances, including industry, market and macroeconomic conditions, as well as Company and reporting unit-specific factors. In performing this assessment, the Company considered the results of its quantitative annual goodwill impairment test performed in 2022, discussed below in further detail, and the impact of (i) the improvement in certain macroeconomic conditions contributing to a favorable change in the Company’s market capitalization since the time of the 2022 annual impairment test, which would imply a reduction to the risk premium included in the discount rate and therefore improvement in the fair values of the Company’s reporting units and (ii) the Company’s recent financial performance and updated financial forecasts, which were generally consistent with or exceeded the projections used in the Company’s 2022 annual impairment test.

After assessing these events and circumstances, the Company determined that it was not more likely than not that the fair value of each reporting unit with allocated goodwill was less than its carrying amount and concluded that the quantitative goodwill impairment test was not required. No impairment of goodwill resulted from the Company's annual impairment test in 2023.

There continues to be uncertainty about the impact of the current macroeconomic conditions on the Company's business. If economic conditions or market factors utilized in the impairment analysis deteriorate, or if the Company's reporting units do not perform as projected, the Company could incur additional goodwill impairment charges in the future.

2022 Annual Impairment Test

As a result of the Company's 2022 annual impairment test, the Company recorded \$417.1 million of noncash impairment charges during the third quarter of 2022, which were included in goodwill impairment in the Company's Consolidated Statement of Operations. The impairments were driven primarily by a significant increase in discount rates at the time of the 2022 annual impairment test. The impairment charges, which related to the Calvin Klein Wholesale North America, Calvin Klein Licensing and Advertising International and Tommy Hilfiger Retail North America reporting units, were recorded to the Company's segments as follows: \$162.6 million in the Calvin Klein North America segment, \$77.3 million in the Calvin Klein International segment and \$177.2 million in the Tommy Hilfiger North America segment. The Calvin Klein Licensing and Advertising International and Calvin Klein Licensing and Advertising North America reporting units were determined to be at risk of future impairment. Please see Note 7, "Goodwill and Other Intangible Assets," in the Notes to Consolidated Financial Statements included in Item 8 of the Company's Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of these impairment charges.

Indefinite-Lived Intangible Asset Impairment Testing

2023 Annual Impairment Test

For the 2023 annual indefinite-lived intangible assets impairment test performed as of the beginning of the third quarter of 2023, the Company elected to first assess qualitative factors to determine whether it was more likely than not that the fair value of any asset was less than its carrying amount.

The Company assessed relevant events and circumstances, including industry, market and macroeconomic conditions, as well as Company and asset-specific factors. In performing this assessment, the Company considered the results of its annual impairment testing performed in 2022, discussed below in further detail, and the impact of (i) the improvement in certain macroeconomic conditions contributing to a favorable change in the Company's market capitalization since the time of the 2022 annual impairment test, which would imply a reduction to the risk premium included in the discount rate and therefore improvement in the fair value of each of its indefinite-lived intangible assets and (ii) the Company's recent financial performance and updated financial forecasts.

After assessing these events and circumstances, the Company determined that it was not more likely than not that the fair value of each of its indefinite-lived intangible assets was less than its carrying amount and concluded that a quantitative impairment test was not required. No impairment of indefinite-lived intangible assets resulted from the Company's annual impairment test in 2023.

There continues to be uncertainty about the impact of the current macroeconomic conditions on the Company's business. If economic conditions or market factors utilized in the impairment analysis deteriorate, or if the cash flows supporting the Company's indefinite-lived intangible assets do not perform as projected, the Company could incur additional indefinite-lived intangible asset impairment charges in the future.

2022 Annual Impairment Test

No impairment of indefinite-lived intangible assets resulted from the Company's 2022 annual impairment test. Please see Note 7, "Goodwill and Other Intangible Assets," in the Notes to Consolidated Financial Statements included in Item 8 of the Company's Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of that test.

7. RETIREMENT AND BENEFIT PLANS

The Company, as of October 29, 2023, has two noncontributory qualified defined benefit pension plans. These plans cover substantially all employees resident in the United States hired prior to January 1, 2022 who meet certain age and service requirements. The plans provide monthly benefits upon retirement generally based on career average compensation and years of credited service. The plans also provide participants with the option to receive their benefits in the form of lump sum payments. Vesting in plan benefits generally occurs after five years of service. The Company refers to these two plans as its “Pension Plans.”

The Company also has three noncontributory unfunded non-qualified supplemental defined benefit pension plans, including:

- A plan for certain former members of Tommy Hilfiger’s domestic senior management. The plan is frozen and, as a result, participants do not accrue additional benefits.
- A capital accumulation program for certain former senior executives. Under the individual participants’ agreements, the participants in the program will receive a predetermined amount during the ten years following the attainment of age 65.
- A plan for certain employees resident in the United States hired prior to January 1, 2022 who meet certain age and service requirements that provides benefits for compensation in excess of Internal Revenue Service earnings limits and requires payments to vested employees upon or after employment termination or retirement, according to their distribution election.

The Company refers to these three plans as its “SERP Plans.”

The components of net benefit cost recognized were as follows:

(In millions)	<u>Pension Plans</u>		<u>Pension Plans</u>	
	<u>Thirteen Weeks Ended</u>		<u>Thirty-Nine Weeks Ended</u>	
	<u>10/29/23</u>	<u>10/30/22</u>	<u>10/29/23</u>	<u>10/30/22</u>
Service cost	\$ 5.5	\$ 7.8	\$ 16.3	\$ 23.5
Interest cost	7.3	6.3	21.9	19.0
Expected return on plan assets	(8.5)	(10.4)	(25.4)	(31.3)
Total	<u>\$ 4.3</u>	<u>\$ 3.7</u>	<u>\$ 12.8</u>	<u>\$ 11.2</u>

(In millions)	<u>SERP Plans</u>		<u>SERP Plans</u>	
	<u>Thirteen Weeks Ended</u>		<u>Thirty-Nine Weeks Ended</u>	
	<u>10/29/23</u>	<u>10/30/22</u>	<u>10/29/23</u>	<u>10/30/22</u>
Service cost	\$ 0.4	\$ 0.6	\$ 1.2	\$ 1.9
Interest cost	0.7	0.7	2.1	2.1
Total	<u>\$ 1.1</u>	<u>\$ 1.3</u>	<u>\$ 3.3</u>	<u>\$ 4.0</u>

The Company also provides certain postretirement health care and life insurance benefits to certain retirees resident in the United States under two plans. Retirees contribute to the cost of the applicable plan, both of which are unfunded and frozen. The Company refers to these two plans as its “Postretirement Plans.” Net benefit cost related to the Postretirement Plans was immaterial for the thirteen and thirty-nine weeks ended October 29, 2023 and October 30, 2022.

The components of net benefit cost are recorded in the Company’s Consolidated Statements of Operations as follows: (i) the service cost component is recorded in selling, general and administrative (“SG&A”) expenses and (ii) the other components are recorded in non-service related pension and postretirement income.

Currently, the Company does not expect to make material contributions to the Pension Plans in 2023. The Company’s actual contributions may differ from planned contributions due to many factors, including changes in tax and other laws, as well as significant differences between expected and actual pension asset performance or interest rates.

8. DEBT

Short-Term Borrowings

The Company has the ability to draw revolving borrowings under the senior unsecured credit facilities discussed below in the section entitled “2022 Senior Unsecured Credit Facilities.” The Company had no revolving borrowings outstanding under these facilities as of October 29, 2023.

Additionally, the Company has the ability to borrow under short-term lines of credit, overdraft facilities and short-term revolving credit facilities denominated in various foreign currencies. These facilities provided for borrowings of up to \$206.8 million based on exchange rates in effect on October 29, 2023 and are utilized primarily to fund working capital needs. The Company had \$18.0 million outstanding under these facilities as of October 29, 2023. The weighted average interest rate on funds borrowed as of October 29, 2023 was 0.25%.

Commercial Paper

The Company has the ability to issue unsecured commercial paper notes with maturities that vary but do not exceed 397 days from the date of issuance primarily to fund working capital needs. The Company had no borrowings outstanding under the commercial paper note program as of October 29, 2023.

Long-Term Debt

The carrying amounts of the Company’s long-term debt were as follows:

(In millions)	10/29/23	1/29/23	10/30/22
Senior unsecured Term Loan A facility due 2027 ⁽¹⁾⁽²⁾	\$ 454.9	\$ 476.6	\$ —
Senior unsecured Term Loan A facility due 2024 ⁽²⁾	—	—	437.2
7 3/4% debentures due 2023	100.0	99.9	99.9
3 5/8% senior unsecured euro notes due 2024 ⁽²⁾	553.6	568.1	520.0
4 5/8% senior unsecured notes due 2025	497.9	497.0	496.7
3 1/8% senior unsecured euro notes due 2027 ⁽²⁾	630.1	647.3	592.6
Total	2,236.5	2,288.9	2,146.4
Less: Current portion of long-term debt	665.2	111.9	37.3
Long-term debt	\$ 1,571.3	\$ 2,177.0	\$ 2,109.1

⁽¹⁾ The outstanding principal balance for the euro-denominated Term Loan A facility was €432.4 million as of October 29, 2023.

⁽²⁾ The carrying amount of the euro-denominated Term Loan A facilities and the senior unsecured euro notes includes the impact of changes in the exchange rate of the United States dollar against the euro.

Please see Note 11, “Fair Value Measurements,” for the fair value of the Company’s long-term debt as of October 29, 2023, January 29, 2023 and October 30, 2022.

The Company's mandatory long-term debt repayments for the remainder of 2023 through 2028 were as follows as of October 29, 2023:

(In millions)

<u>Fiscal Year</u>	<u>Amount</u> ⁽¹⁾
Remainder of 2023	\$ 102.9
2024	566.3
2025	511.6
2026	11.6
2027	1,052.9
2028	—

⁽¹⁾ A portion of the Company's mandatory long-term debt repayments is denominated in euros and subject to changes in the exchange rate of the United States dollar against the euro.

Total debt repayments for the remainder of 2023 through 2028 exceed the total carrying amount of the Company's debt as of October 29, 2023 because the carrying amount reflects the unamortized portions of debt issuance costs and the original issue discounts.

As of October 29, 2023, approximately 80% of the Company's long-term debt had fixed interest rates, with the remainder at variable interest rates.

2022 Senior Unsecured Credit Facilities

On December 9, 2022, the Company entered into new senior unsecured credit facilities (the "2022 facilities"), the proceeds of which, along with cash on hand, were used to repay all of the outstanding borrowings under the 2019 facilities (as defined below), as well as the related debt issuance costs.

The 2022 facilities consist of (a) a €440.6 million euro-denominated Term Loan A facility (the "Euro TLA facility"), (b) a \$1,150.0 million United States dollar-denominated multicurrency revolving credit facility (the "multicurrency revolving credit facility"), which is available in (i) United States dollars, (ii) Australian dollars (limited to A\$50.0 million), (iii) Canadian dollars (limited to C\$70.0 million), or (iv) euros, yen, pounds sterling, Swiss francs or other agreed foreign currencies (limited to €250.0 million), and (c) a \$50.0 million United States dollar-denominated revolving credit facility available in United States dollars or Hong Kong dollars (together with the multicurrency revolving credit facility, the "revolving credit facilities"). The 2022 facilities are due on December 9, 2027.

The Company made payments of \$8.9 million on its term loan under the 2022 facilities during the thirty-nine weeks ended October 29, 2023. The Company made payments of \$22.5 million on its term loan under the 2019 facilities during the thirty-nine weeks ended October 30, 2022.

The current applicable margin with respect to the Euro TLA facility as of October 29, 2023 was 1.250%. The current applicable margin with respect to the revolving credit facilities as of October 29, 2023 was 0.125% for loans bearing interest at the base rate, Canadian prime rate or daily simple euro short term rate and 1.125% for loans bearing interest at the euro interbank offered rate ("EURIBOR") or any other rate specified in the 2022 facilities. The applicable margin for borrowings under the Euro TLA facility and each revolving credit facility is subject to adjustment (i) after the date of delivery of the compliance certificate and financial statements, with respect to each of the Company's fiscal quarters, based upon the Company's net leverage ratio or (ii) after the date of delivery of notice of a change in the Company's public debt rating by Standard & Poor's or Moody's.

The 2022 facilities require the Company to comply with customary affirmative, negative and financial covenants, including a maximum net leverage ratio, calculated in a manner set forth in the terms of the 2022 facilities. Please see Note 8, "Debt," in the Notes to Consolidated Financial Statements included in Item 8 of the Company's Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of the 2022 facilities.

2019 Senior Unsecured Credit Facilities

On April 29, 2019, the Company entered into senior unsecured credit facilities (as amended, the “2019 facilities”). The Company replaced the 2019 facilities with the 2022 facilities on December 9, 2022 as discussed above in the section entitled “2022 Senior Unsecured Credit Facilities.” The 2019 facilities included a €500.0 million euro-denominated Term Loan A facility, of which €440.6 million was outstanding as of the date it was replaced, and senior unsecured revolving credit facilities.

7 3/4% Debentures Due 2023

The Company had outstanding as of the third quarter of 2023 \$100.0 million of debentures due November 15, 2023 that accrued interest at the rate of 7 3/4%. The Company repaid these debentures at maturity.

3 5/8% Euro Senior Notes Due 2024

The Company has outstanding €525.0 million principal amount of 3 5/8% senior notes due July 15, 2024. The Company may redeem some or all of these notes at any time prior to April 15, 2024 by paying a “make whole” premium plus any accrued and unpaid interest. In addition, the Company may redeem some or all of these notes on or after April 15, 2024 at their principal amount plus any accrued and unpaid interest.

4 5/8% Senior Notes Due 2025

The Company has outstanding \$500.0 million principal amount of 4 5/8% senior notes due July 10, 2025. The Company may redeem some or all of these notes at any time prior to June 10, 2025 by paying a “make whole” premium plus any accrued and unpaid interest. In addition, the Company may redeem some or all of these notes on or after June 10, 2025 at their principal amount plus any accrued and unpaid interest.

3 1/8% Euro Senior Notes Due 2027

The Company has outstanding €600.0 million principal amount of 3 1/8% senior notes due December 15, 2027. The Company may redeem some or all of these notes at any time prior to September 15, 2027 by paying a “make whole” premium plus any accrued and unpaid interest. In addition, the Company may redeem some or all of these notes on or after September 15, 2027 at their principal amount plus any accrued and unpaid interest.

The Company’s financing arrangements contain financial and non-financial covenants and customary events of default. As of October 29, 2023, the Company was in compliance with all applicable financial and non-financial covenants under its financing arrangements.

The Company also has standby letters of credit primarily to collateralize the Company’s insurance and lease obligations. The Company had \$78.0 million of these standby letters of credit outstanding as of October 29, 2023.

Please see Note 8, “Debt,” in the Notes to Consolidated Financial Statements included in Item 8 of the Company’s Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of the Company’s debt.

9. INCOME TAXES

The effective income tax rates for the thirteen weeks ended October 29, 2023 and October 30, 2022 were 22.2% and 19.8%, respectively. The effective income tax rates for the thirty-nine weeks ended October 29, 2023 and October 30, 2022 were 22.3% and 45.1%, respectively.

The effective income tax rate for the thirteen weeks ended October 29, 2023 was higher than the prior year period primarily due to a change in the mix of international and domestic earnings.

The effective income tax rate for the thirty-nine weeks ended October 29, 2023 was lower than the prior year period primarily due to (i) the impact of the \$417.1 million noncash, non-deductible goodwill impairment charge recorded during the third quarter of 2022, which resulted in a pre-tax loss with no tax benefit and was factored into the annualized effective tax rate, partially offset by (ii) a change in the mix of international and domestic earnings.

10. DERIVATIVE FINANCIAL INSTRUMENTS

Cash Flow Hedges

The Company has exposure to changes in foreign currency exchange rates related to anticipated cash flows associated with certain international inventory purchases. The Company uses foreign currency forward contracts to hedge against a portion of this exposure.

The Company records the foreign currency forward contracts at fair value in its Consolidated Balance Sheets and does not net the related assets and liabilities. The foreign currency forward contracts associated with certain international inventory purchases are designated as effective hedging instruments (“cash flow hedges”). As such, the changes in the fair value of the cash flow hedges are recorded in equity as a component of accumulated other comprehensive loss (“AOCL”). No amounts were excluded from effectiveness testing.

Net Investment Hedges

The Company has exposure to changes in foreign currency exchange rates related to the value of its investments in foreign subsidiaries denominated in a currency other than the United States dollar. To hedge against a portion of this exposure, the Company uses both non-derivative instruments (the par value of certain of its foreign-denominated debt) and derivative instruments (cross-currency swap contracts), which it designates as net investment hedges.

The Company designated the par value of its (i) €600.0 million principal amount of 3 1/8% senior notes due 2027 and (ii) €525.0 million principal amount of 3 5/8% senior notes due 2024 (collectively, “foreign currency borrowings”), that were issued by PVH Corp., a U.S.-based entity, as net investment hedges of its investments in certain of its foreign subsidiaries that use the euro as their functional currency. Please see Note 8, “Debt,” for further discussion of the Company’s foreign currency borrowings.

The Company records the foreign currency borrowings at carrying value in its Consolidated Balance Sheets. The carrying value of the foreign currency borrowings is remeasured at the end of each reporting period to reflect changes in the foreign currency exchange spot rate. Since the foreign currency borrowings are designated as net investment hedges, such remeasurement is recorded in equity as a component of AOCL. The fair value and the carrying value of the foreign currency borrowings designated as net investment hedges were \$1,148.9 million and \$1,183.7 million, respectively, as of October 29, 2023, \$1,192.0 million and \$1,215.4 million, respectively, as of January 29, 2023 and \$1,013.9 million and \$1,112.6 million, respectively, as of October 30, 2022. The Company evaluates the effectiveness of its non-derivative instrument net investment hedges at inception and each quarter thereafter. No amounts were excluded from effectiveness testing.

In the third quarter of 2023, the Company entered into multiple fixed-to-fixed cross-currency swap contracts, which, in aggregate, economically convert the Company’s \$500.0 million principal amount of 4 5/8% senior notes due 2025 from a United States dollar-denominated obligation to a euro-denominated obligation of €457.2 million. As part of these swap contracts, the Company will receive fixed-rate United States dollar-denominated interest at a weighted average rate of 1.405% and pay fixed-rate euro-denominated interest at a rate of 0%. The cross-currency swap contracts expire on July 10, 2025. The Company designated these cross-currency swap contracts as net investment hedges of its investments in certain of its foreign subsidiaries that use the euro as their functional currency. The Company records the cross-currency swap contracts at fair value in its Consolidated Balance Sheets and does not net the related assets and liabilities. Changes in the fair value of the cross-currency swap contracts are recorded in equity as a component of AOCL. The Company evaluates the effectiveness of its derivative instrument net investment hedges at inception and each quarter thereafter. The interest components of the cross-currency swaps are excluded from the assessment of hedge effectiveness and are initially recorded in equity as a component of AOCL. Such amounts are recognized ratably over the term of the cross-currency swap contracts as a credit to interest expense in the Company’s Consolidated Statements of Operations.

Undesignated Contracts

The Company records immediately in earnings changes in the fair value of hedges that are not designated as effective hedging instruments (“undesignated contracts”), which primarily include foreign currency forward contracts related to third party and intercompany transactions, and intercompany loans that are not of a long-term investment nature. Any gains and losses that are immediately recognized in earnings on such contracts are largely offset by the remeasurement of the underlying balances.

The Company does not use derivative or non-derivative financial instruments for trading or speculative purposes. The cash flows from the Company's hedges are presented in the same category in the Company's Consolidated Statements of Cash Flows as the items being hedged.

The following table summarizes the fair value and presentation of the Company's derivative financial instruments in its Consolidated Balance Sheets:

(In millions)	Assets						Liabilities					
	10/29/23		1/29/23		10/30/22		10/29/23		1/29/23		10/30/22	
	Other Current Assets	Other Assets	Other Current Assets	Other Assets	Other Current Assets	Other Assets	Accrued Expenses	Other Liabilities	Accrued Expenses	Other Liabilities	Accrued Expenses	Other Liabilities
Contracts designated as cash flow and net investment hedges:												
Foreign currency forward contracts (inventory purchases)	\$ 26.5	\$ 2.6	\$ 15.7	\$ 0.1	\$ 95.3	\$ 1.8	\$ 0.1	\$ —	\$ 20.7	\$ 2.2	\$ 2.9	\$ —
Cross-currency swap contracts (net investment hedges)	4.8	9.0	—	—	—	—	—	—	—	—	—	—
Undesignated contracts:												
Foreign currency forward contracts	4.7	—	—	—	0.5	—	0.5	—	12.5	—	3.1	—
Total	\$ 36.0	\$ 11.6	\$ 15.7	\$ 0.1	\$ 95.8	\$ 1.8	\$ 0.6	\$ —	\$ 33.2	\$ 2.2	\$ 6.0	\$ —

The notional amount outstanding of foreign currency forward contracts was \$1,277.8 million at October 29, 2023. Such contracts expire principally between November 2023 and April 2025.

The following tables summarize the effect of the Company's hedges designated as cash flow and net investment hedging instruments:

(In millions)	Gain Recognized in Other Comprehensive Loss	
	10/29/23	10/30/22
Thirteen Weeks Ended		
Foreign currency forward contracts (inventory purchases)	\$ 39.8	\$ 24.4
Foreign currency borrowings (net investment hedges)	50.5	27.6
Cross-currency swap contracts (net investment hedges)	15.2	—
Total	\$ 105.5	\$ 52.0
Thirty-Nine Weeks Ended		
Foreign currency forward contracts (inventory purchases)	\$ 47.8	\$ 70.2
Foreign currency borrowings (net investment hedges)	33.6	132.6
Cross-currency swap contracts (net investment hedges)	15.2	—
Total	\$ 96.6	\$ 202.8

(In millions)	Amount of Gain Reclassified from AOCL into Income, Consolidated Statements of Operations Location, and Total Amount of Consolidated Statements of Operations Line Item				
	Amount Reclassified		Location	Total Statements of Operations Amount	
	10/29/23	10/30/22		10/29/23	10/30/22
Thirteen Weeks Ended					
Foreign currency forward contracts (inventory purchases)	\$ 6.3	\$ 9.9	Cost of goods sold	\$ 1,023.5	\$ 1,006.6
Cross-currency swap contracts (net investment hedges)	1.4	—	Interest expense	24.3	21.1
Thirty-Nine Weeks Ended					
Foreign currency forward contracts (inventory purchases)	\$ 16.5	\$ 13.6	Cost of goods sold	\$ 2,865.8	\$ 2,803.1
Cross-currency swap contracts (net investment hedges)	1.4	—	Interest expense	75.5	65.9

A net gain in AOCL on foreign currency forward contracts at October 29, 2023 of \$20.2 million is estimated to be reclassified in the next 12 months in the Company's Consolidated Statement of Operations to cost of goods sold as the underlying inventory hedged by such forward exchange contracts is sold. Amounts recognized in AOCL for foreign currency borrowings and the effective portion of the Company's net investment hedges would be recognized in earnings only upon the sale or substantially complete liquidation of the hedged net investment.

The following table summarizes the effect of the Company's undesignated contracts recognized in SG&A expenses in its Consolidated Statements of Operations:

(In millions)	Gain Recognized in SG&A Expenses	
	10/29/23	10/30/22
Thirteen Weeks Ended		
Foreign currency forward contracts ⁽¹⁾	\$ 13.1	\$ 8.7
Thirty-Nine Weeks Ended		
Foreign currency forward contracts ⁽¹⁾	\$ 10.3	\$ 35.3

⁽¹⁾ Any gains and losses that are immediately recognized in earnings on such contracts are largely offset by the remeasurement of the underlying balances.

The Company had no derivative financial instruments with credit risk-related contingent features underlying the related contracts as of October 29, 2023.

11. FAIR VALUE MEASUREMENTS

In accordance with U.S. GAAP, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three level hierarchy prioritizes the inputs used to measure fair value as follows:

Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 – Observable inputs other than quoted prices included in Level 1, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs derived principally from or corroborated by observable market data.

Level 3 – Unobservable inputs reflecting the Company’s own assumptions about the inputs that market participants would use in pricing the asset or liability based on the best information available.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company’s financial assets and liabilities that are required to be remeasured at fair value on a recurring basis:

(In millions)	10/29/23				1/29/23				10/30/22			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Assets:												
Foreign currency forward contracts	N/A	\$ 33.8	N/A	\$ 33.8	N/A	\$ 15.8	N/A	\$ 15.8	N/A	\$ 97.6	N/A	\$ 97.6
Cross-currency swap contracts (net investment hedges)	N/A	13.8	N/A	13.8	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Rabbi trust assets	8.9	N/A	N/A	8.9	7.2	N/A	N/A	7.2	5.8	N/A	N/A	5.8
Total Assets	\$ 8.9	\$ 47.6	N/A	\$ 56.5	\$ 7.2	\$ 15.8	N/A	\$ 23.0	\$ 5.8	\$ 97.6	N/A	\$ 103.4
Liabilities:												
Foreign currency forward contracts	N/A	\$ 0.6	N/A	\$ 0.6	N/A	\$ 35.4	N/A	\$ 35.4	N/A	\$ 6.0	N/A	\$ 6.0
Total Liabilities	N/A	\$ 0.6	N/A	\$ 0.6	N/A	\$ 35.4	N/A	\$ 35.4	N/A	\$ 6.0	N/A	\$ 6.0

The fair value of the foreign currency forward contracts is measured as the total amount of currency to be purchased, multiplied by the difference between (i) the foreign currency forward rate as of the period end and (ii) the settlement rate specified in each contract. The fair value of the cross-currency swap contracts is measured using the discounted cash flows of the contracts, which are determined based on observable inputs, including the foreign currency forward rates and discount rates, as of the period end. The fair value of the rabbi trust assets, which consist of investments in mutual funds, is valued at the net asset value of the funds, as determined by the closing price in the active market in which the individual fund is traded.

The Company established a rabbi trust that, beginning January 1, 2022, holds investments related to the Company’s supplemental savings plan. The rabbi trust is considered a variable interest entity and it is consolidated in the Company’s financial statements because the Company is considered the primary beneficiary of the rabbi trust. The rabbi trust assets generally mirror the investment elections made by eligible plan participants and are included as follows in the Company’s Consolidated Balance Sheets:

(In millions)	10/29/23		1/29/23		10/30/22	
	Other Current Assets	Other Assets	Other Current Assets	Other Assets	Other Current Assets	Other Assets
Rabbi trust assets	\$ 1.4	\$ 7.5	\$ 0.7	\$ 6.5	\$ 0.4	\$ 5.4

The corresponding deferred compensation liability is included in accrued expenses and other liabilities in the Company’s Consolidated Balance Sheets. Unrealized losses recognized on the rabbi trust investments were immaterial during the thirty-nine weeks ended October 29, 2023 and October 30, 2022.

There were no transfers between any levels of the fair value hierarchy for any of the Company’s fair value measurements.

The Company’s non-financial assets, which primarily consist of goodwill, other intangible assets, property, plant and equipment, and operating lease right-of-use assets, are not required to be measured at fair value on a recurring basis, and instead are reported at their carrying amount. However, on a periodic basis whenever events or changes in circumstances indicate that their carrying amount may not be fully recoverable (and at least annually for goodwill and indefinite-lived intangible assets), non-financial assets are assessed for impairment. If the fair value is determined to be lower than the carrying amount, an impairment charge is recorded to write down the asset to its fair value.

The following table shows the fair values of the Company’s non-financial assets that were required to be remeasured at fair value on a non-recurring basis during the thirty-nine weeks ended October 30, 2022, and the total impairments recorded as a result of the remeasurement process (There were no impairments recorded during the thirty-nine weeks ended October 29, 2023.):

(In millions)	Fair Value Measurement Using			Fair Value As Of Impairment Date	Total Impairments
	10/30/22	Level 1	Level 2		
Operating lease right-of-use assets		N/A	N/A	\$ —	\$ 26.4
Property, plant and equipment, net		N/A	N/A	—	17.2
Goodwill		N/A	N/A	41.0	417.1

Operating lease right-of-use assets with a carrying amount of \$26.4 million and property, plant and equipment with a carrying amount of \$17.2 million were written down to a fair value of zero during the thirty-nine weeks ended October 30, 2022 in connection with the Company’s decision in the second quarter of 2022 to exit from its Russia business. Please see Note 15, “Exit Activity Costs,” for further discussion of the Russia business exit costs. Fair value of the Company’s operating lease right-of-use assets and property, plant and equipment were determined to be zero in line with the Company’s estimated future cash flows for the Russia business asset group.

Goodwill with a carrying amount of \$458.1 million was written down to a fair value of \$41.0 million during the thirty-nine weeks ended October 30, 2022. Please see Note 6, “Goodwill and Other Intangible Assets,” for further discussion.

The \$460.7 million of impairment charges during the thirty-nine weeks ended October 30, 2022 were recorded in the Company’s Consolidated Statement of Operations, of which \$417.1 million was included in goodwill impairment and \$43.6 million was included in SG&A expenses. The \$460.7 million of impairment charges were recorded to the Company’s segments as follows: \$177.2 million in the Tommy Hilfiger North America segment, \$162.6 million in the Calvin Klein North America segment, \$87.2 million in the Calvin Klein International segment and \$33.7 million in the Tommy Hilfiger International segment.

The carrying amounts and the fair values of the Company’s cash and cash equivalents, short-term borrowings and long-term debt were as follows:

(In millions)	10/29/23		1/29/23		10/30/22	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Cash and cash equivalents	\$ 357.6	\$ 357.6	\$ 550.7	\$ 550.7	\$ 457.0	\$ 457.0
Short-term borrowings	18.0	18.0	46.2	46.2	98.0	98.0
Long-term debt (including portion classified as current)	2,236.5	2,186.9	2,288.9	2,262.3	2,146.4	2,031.7

The fair values of cash and cash equivalents and short-term borrowings approximate their carrying amounts due to the short-term nature of these instruments. The Company estimates the fair value of its long-term debt using quoted market prices as of the last business day of the applicable quarter. The Company classifies the measurement of its long-term debt as a Level 1 measurement. The carrying amounts of long-term debt reflect the unamortized portions of debt issuance costs and the original issue discounts.

12. STOCK-BASED COMPENSATION

The Company grants stock-based awards under its Stock Incentive Plan (the “Plan”). Awards that may be granted under the Plan include, but are not limited to (i) service-based non-qualified stock options (“stock options”); (ii) service-based restricted stock units (“RSUs”); and (iii) contingently issuable performance share units (“PSUs”). Please see Note 13, “Stock-Based Compensation,” in the Notes to Consolidated Financial Statements included in Item 8 of the Company’s Annual Report on Form 10-K for the year ended January 29, 2023 for a detailed description of the Company’s stock-based compensation awards, including information relating to vesting terms and service, performance and market conditions, and additional information.

According to the terms of the Plan, for purposes of determining the number of shares available for grant, each share underlying a stock option award reduces the number available by one share and each share underlying an RSU or PSU award reduces the number available by two shares for awards made before June 22, 2023 and by 1.6 shares for awards made on or after June 22, 2023.

Net income for the thirty-nine weeks ended October 29, 2023 and October 30, 2022 included \$39.5 million and \$35.3 million, respectively, of pre-tax expense related to stock-based compensation, with related recognized income tax benefits of \$4.8 million and \$4.5 million, respectively.

Stock Options

The Company estimates the fair value of stock options at the date of grant using the Black-Scholes-Merton model. The estimated fair value of the stock options granted is expensed over the stock options' requisite service periods.

The following summarizes the assumptions used to estimate the fair value of stock options granted during the thirty-nine weeks ended October 29, 2023 and the resulting weighted average grant date fair value per stock option:

	10/29/23
Weighted average risk-free interest rate	3.33 %
Weighted average expected stock option term (in years)	6.25
Weighted average Company volatility	50.60 %
Expected annual dividends per share	\$ 0.15
Weighted average grant date fair value per stock option	\$ 43.47

Stock option activity for the thirty-nine weeks ended October 29, 2023 was as follows:

(In thousands, except per stock option data)	Stock Options	Weighted Average Exercise Price Per Stock Option
Outstanding at January 29, 2023	694	\$ 98.08
Granted	86	83.80
Exercised	—	—
Forfeited / Expired	65	113.57
Outstanding at October 29, 2023	<u>715</u>	<u>\$ 94.94</u>

RSUs

The fair value of RSUs is equal to the closing price of the Company's common stock on the date of grant and is expensed over the RSUs' requisite service periods.

RSU activity for the thirty-nine weeks ended October 29, 2023 was as follows:

(In thousands, except per RSU data)	RSUs	Weighted Average Grant Date Fair Value Per RSU
Non-vested at January 29, 2023	1,325	\$ 77.33
Granted	638	83.78
Vested	521	76.17
Forfeited	168	81.72
Non-vested at October 29, 2023	<u>1,274</u>	<u>\$ 80.46</u>

PSUs

The Company currently has PSU awards outstanding subject to three-year performance periods from the applicable grant date. The final number of shares to be earned, if any, is contingent upon the Company's achievement of goals for the applicable performance period. Each outstanding award is subject to various performance and/or market conditions goals as follows:

Grant Year	Goal for 50% of the Award	Goal for 50% of the Award
2020	Company total shareholder return ("TSR") relative to companies included in the S&P 500 as of the grant date	Company's absolute stock price growth during a three-year performance period
2021	Company TSR relative to a pre-established group of industry peers	Company's earnings before interest and taxes ("EBIT") during fiscal 2021
2022	Company TSR relative to a pre-established group of industry peers	Company's cumulative EBIT during a fiscal three-year performance period
2023	Company TSR relative to a pre-established group of industry peers	Company's average return on invested capital ("ROIC") during a fiscal three-year performance period

For awards granted in 2020, the applicable three-year performance periods have ended, and the holders of the awards earned an aggregate of 139,000 shares. The shares earned were between target and maximum levels for the awards granted in the first and second quarters of 2020, and were between threshold and target for the awards granted in the third quarter of 2020.

The Company granted contingently issuable PSUs to certain of the Company's senior executives during the first quarter of 2023. For such awards, the Company records expense ratably over the three-year service period, with expense determined as follows: (i) TSR-based portion of the awards – based on the grant date fair value regardless of whether the market condition is satisfied because the awards are subject to market conditions and (ii) ROIC-based portion of the awards – based on the grant date fair value per share and the Company's current expectations of the probable number of shares that will ultimately be issued. The grant date fair value of the awards granted was established as follows: (i) TSR-based portion of the awards – using the Monte Carlo simulation model and (ii) ROIC-based portion of the awards – based on the closing price of the Company's common stock reduced for the present value of any dividends expected to be paid on such common stock during the three-year service period, as these contingently issuable PSUs do not accrue dividends.

The following summarizes the assumptions used to estimate the fair value of PSUs subject to market conditions that were granted during the thirty-nine weeks ended October 29, 2023 and the resulting weighted average grant date fair value:

	10/29/23
Weighted average risk-free interest rate	3.56 %
Weighted average Company volatility	58.21 %
Expected annual dividends per share	\$ 0.15
Weighted average grant date fair value per PSU	\$ 120.42

For certain of the awards granted, the after-tax portion of the award is subject to a holding period of one year after the vesting date. For these awards, the grant date fair value was discounted 7.40% for the restriction of liquidity, which was calculated using the Finnerty model.

Total PSU activity for the thirty-nine weeks ended October 29, 2023 was as follows:

(In thousands, except per PSU data)	PSUs	Weighted Average Grant Date Fair Value Per PSU
Non-vested at January 29, 2023	244	\$ 84.40
Granted	122	100.44
Increase due to market conditions achieved above target	36	58.39
Reduction due to market conditions achieved below target	18	71.92
Vested	139	61.69
Forfeited	—	—
Non-vested at October 29, 2023	245	\$ 102.32

13. ACCUMULATED OTHER COMPREHENSIVE LOSS

The following tables present the changes in AOCL, net of related taxes, by component for the thirty-nine weeks ended October 29, 2023 and October 30, 2022:

(In millions)	Foreign currency translation adjustments	Net unrealized and realized (loss) gain on effective cash flow hedges	Total
Balance, January 29, 2023	\$ (710.1)	\$ (3.0)	\$ (713.1)
Other comprehensive (loss) income before reclassifications	(113.5) ⁽¹⁾⁽²⁾	34.8	(78.7)
Less: Amounts reclassified from AOCL	1.1	11.8	12.9
Other comprehensive (loss) income	(114.6)	23.0	(91.6)
Balance, October 29, 2023	\$ (824.7)	\$ 20.0	\$ (804.7)

(In millions)	Foreign currency translation adjustments	Net unrealized and realized gain on effective cash flow hedges	Total
Balance, January 30, 2022	\$ (665.9)	\$ 53.2	\$ (612.7)
Other comprehensive (loss) income before reclassifications	(261.7) ⁽¹⁾⁽³⁾	51.5	(210.2)
Less: Amounts reclassified from AOCL	(3.4) ⁽⁴⁾	9.8	6.4
Other comprehensive (loss) income	(258.3)	41.7	(216.6)
Balance, October 30, 2022	\$ (924.2)	\$ 94.9	\$ (829.3)

⁽¹⁾ Foreign currency translation adjustments included a net gain on net investment hedges of \$36.7 million and \$99.6 million during the thirty-nine weeks ended October 29, 2023 and October 30, 2022, respectively.

⁽²⁾ Unfavorable foreign currency translation adjustments were principally driven by a strengthening of the United States dollar against the euro and a strengthening of the United States dollar against certain currencies in the Asia-Pacific region (primarily the strengthening of the United States dollar against both the Chinese yuan renminbi and the Australian dollar).

⁽³⁾ Unfavorable foreign currency translation adjustments were principally driven by a strengthening of the United States dollar against the euro.

⁽⁴⁾ Foreign currency translation adjustment losses were reclassified from AOCL during the second quarter of 2022 in connection with the Karl Lagerfeld transaction. Please see Note 5, "Investments in Unconsolidated Affiliates," for further discussion.

The following table presents reclassifications from AOCL to earnings for the thirteen and thirty-nine weeks ended October 29, 2023 and October 30, 2022:

(In millions)	Amount Reclassified from AOCL				Affected Line Item in the Company's Consolidated Statements of Operations
	Thirteen Weeks Ended		Thirty-Nine Weeks Ended		
	10/29/23	10/30/22	10/29/23	10/30/22	
Realized gain on effective cash flow hedges:					
Foreign currency forward contracts (inventory purchases)	\$ 6.3	\$ 9.9	\$ 16.5	\$ 13.6	Cost of goods sold
Less: Tax effect	1.7	2.7	4.7	3.8	Income tax expense (benefit)
Total, net of tax	<u>\$ 4.6</u>	<u>\$ 7.2</u>	<u>\$ 11.8</u>	<u>\$ 9.8</u>	
Foreign currency translation adjustments:					
Karl Lagerfeld transaction	\$ —	\$ —	\$ —	\$ (3.4)	⁽¹⁾ Equity in net income of unconsolidated affiliates
Cross-currency swap contracts (net investment hedges)	1.4	—	1.4	—	Interest expense
Less: Tax effect	0.3	—	0.3	—	Income tax expense (benefit)
Total, net of tax	<u>\$ 1.1</u>	<u>\$ —</u>	<u>\$ 1.1</u>	<u>\$ (3.4)</u>	

⁽¹⁾ Foreign currency translation adjustment losses were reclassified from AOCL during the second quarter of 2022 in connection with the Karl Lagerfeld transaction. Please see Note 5, "Investments in Unconsolidated Affiliates," for further discussion.

14. STOCKHOLDERS' EQUITY

The Company's Board of Directors has authorized over time beginning in 2015 an aggregate \$3.0 billion stock repurchase program through June 3, 2026. Repurchases under the program may be made from time to time over the period through open market purchases, accelerated share repurchase programs, privately negotiated transactions or other methods, as the Company deems appropriate. Purchases are made based on a variety of factors, such as price, corporate requirements and overall market conditions, applicable legal requirements and limitations, trading restrictions under the Company's insider trading policy and other relevant factors. The program may be modified by the Board of Directors, including to increase or decrease the repurchase limitation or extend, suspend or terminate the program at any time, without prior notice. Beginning January 1, 2023, the Company's share repurchases in excess of issuances are subject to a 1% excise tax enacted by the Inflation Reduction Act.

During the thirty-nine weeks ended October 30, 2022, the Company purchased 5.1 million shares of its common stock under the program in open market transactions for \$326.3 million. During the thirty-nine weeks ended October 29, 2023, the Company purchased 3.2 million shares of its common stock under the program in open market transactions for \$268.4 million, excluding excise taxes of \$2.3 million. As of October 29, 2023, the repurchased shares were held as treasury stock and \$555.1 million of the authorization remained available for future share repurchases, excluding excise taxes, as the excise taxes do not reduce the authorized amount remaining.

Treasury stock activity also includes shares that were withheld in conjunction with the settlement of RSUs and PSUs to satisfy tax withholding requirements.

15. EXIT ACTIVITY COSTS

2022 Cost Savings Initiative

The Company announced in August 2022 that it would be taking steps to streamline its organization and simplify its ways of working. Included in this was a planned reduction in people costs in its global offices by approximately 10% by the end of 2023 to drive efficiencies and enable continued strategic investments to fuel growth, including in digital, supply chain and consumer engagement. The Company expects these reductions will generate annual cost savings of over \$100 million, net of continued strategic people investments. In connection with this initiative, the Company recorded pre-tax costs during 2022 and the thirty-nine weeks ended October 29, 2023 and expects to incur total costs as shown in the following table.

(In millions)	Total Costs Expected to be Incurred	Costs Incurred During the Thirteen and Thirty-Nine Weeks Ended 10/30/22	Costs Incurred During the Thirteen Weeks Ended 10/29/23	Costs Incurred During the Thirty-Nine Weeks Ended 10/29/23	Cumulative Costs Incurred
Severance, termination benefits and other employee costs	\$ 85.0	\$ 16.7	\$ 18.8	\$ 57.8	\$ 78.0

The pre-tax costs incurred in connection with the 2022 cost savings initiative were recorded in SG&A expenses of the Company's segments as follows:

(In millions)	Costs Incurred During the Thirteen and Thirty-Nine Weeks Ended 10/30/22	Costs Incurred During the Thirteen Weeks Ended 10/29/23	Costs Incurred During the Thirty-Nine Weeks Ended 10/29/23	Cumulative Costs Incurred
Tommy Hilfiger North America	\$ 4.2	\$ 5.4	\$ 11.8	\$ 16.5
Tommy Hilfiger International	2.1	3.6	15.9	18.4
Calvin Klein North America	4.0	2.6	8.5	13.1
Calvin Klein International	2.7	1.7	10.2	13.7
Heritage Brands Wholesale	2.2	3.2	7.8	10.4
Corporate ⁽¹⁾	1.5	2.3	3.6	5.9
Total	\$ 16.7	\$ 18.8	\$ 57.8	\$ 78.0

⁽¹⁾ Corporate expenses are not allocated to any reportable segment.

Please see Note 17, "Segment Data," for further discussion of the Company's reportable segments.

The liabilities at October 29, 2023 related to these costs were principally recorded in accrued expenses in the Company's Consolidated Balance Sheet and were as follows:

(In millions)	Liability at 1/29/23	Costs Incurred During the Thirty-Nine Weeks Ended 10/29/23	Costs Paid During the Thirty-Nine Weeks Ended 10/29/23	Liability at 10/29/23
Severance, termination benefits and other employee costs	\$ 13.2	\$ 57.8	\$ 36.0	\$ 35.0

Russia Business Exit Costs

As a result of the war in Ukraine, the Company made the decision in the second quarter of 2022 to exit from its Russia business, including the closure of its retail stores in Russia and the cessation of its wholesale operations in Russia and Belarus. In connection with this exit, the Company recorded pre-tax costs during 2022 as shown in the following table. All expected costs related to the exit from the Russia business were incurred during 2022.

(In millions)	Costs Incurred During the Thirty-Nine Weeks Ended 10/30/22	Cumulative Net Costs Incurred
Severance, termination benefits and other employee costs	\$ 2.1	\$ 2.1
Long-lived asset impairments	43.6	43.6
Contract termination and other costs, net of gain on lease terminations ⁽¹⁾	4.8	(2.7)
Total	\$ 50.5	\$ 43.0

⁽¹⁾ Contract termination and other costs, net of gain on lease terminations includes \$4.8 million of contract termination and other costs recorded during the second quarter of 2022 and a \$7.5 million gain related to the early termination of certain store lease agreements in Russia recorded during the fourth quarter of 2022.

The pre-tax costs incurred in connection with the exit from the Russia business were recorded in SG&A expenses of the Company's segments as follows:

(In millions)	Costs Incurred During the Thirteen and Thirty-Nine Weeks Ended 10/30/22	Cumulative Net Costs Incurred
Tommy Hilfiger International	\$ 36.7	\$ 31.6
Calvin Klein International	13.8	11.4
Total	\$ 50.5	\$ 43.0

Please see Note 17, "Segment Data," for further discussion of the Company's reportable segments.

The liabilities at October 29, 2023 related to these costs were principally recorded in accrued expenses in the Company's Consolidated Balance Sheet and were as follows:

(In millions)	Liability at 1/29/23	Costs Incurred During the Thirty-Nine Weeks Ended 10/29/23	Costs Paid During the Thirty-Nine Weeks Ended 10/29/23	Liability at 10/29/23
Severance, termination benefits and other employee costs	\$ 0.4	\$ —	\$ 0.4	\$ —
Contract termination and other costs	0.5	—	0.5	—
Total	\$ 0.9	\$ —	\$ 0.9	\$ —

16. NET INCOME (LOSS) PER COMMON SHARE

The Company computed its basic and diluted net income (loss) per common share as follows:

(In millions, except per share data)	Thirteen Weeks Ended		Thirty-Nine Weeks Ended	
	10/29/23	10/30/22	10/29/23	10/30/22
Net income (loss)	\$ 161.6	\$ (186.7)	\$ 391.8	\$ 61.7
Weighted average common shares outstanding for basic net income (loss) per common share	60.3	64.8	61.7	66.5
Weighted average impact of dilutive securities	0.5	—	0.6	0.5
Total shares for diluted net income (loss) per common share	60.8	64.8	62.3	67.0
Basic net income (loss) per common share	\$ 2.68	\$ (2.88)	\$ 6.35	\$ 0.93
Diluted net income (loss) per common share	\$ 2.66	\$ (2.88)	\$ 6.29	\$ 0.92

Potentially dilutive securities excluded from the calculation of diluted net income (loss) per common share as the effect would be anti-dilutive were as follows:

(In millions)	Thirteen Weeks Ended		Thirty-Nine Weeks Ended	
	10/29/23	10/30/22	10/29/23	10/30/22
Weighted average potentially dilutive securities	1.1	2.2	1.0	1.5

Diluted net loss per common share for the thirteen weeks ended October 30, 2022 excluded all potentially dilutive securities because there was a net loss for the period and, as such, the inclusion of these securities would have been anti-dilutive.

Shares underlying contingently issuable awards that have not met the necessary conditions as of the end of a reporting period are not included in the calculation of diluted net income (loss) per common share for that period. The Company had contingently issuable PSU awards outstanding that did not meet the performance conditions as of October 29, 2023 and October 30, 2022 and, therefore, were excluded from the calculation of diluted net income (loss) per common share for each applicable period. The maximum number of potentially dilutive shares that could be issued upon vesting for such awards was 0.3 million and 0.4 million as of October 29, 2023 and October 30, 2022, respectively. These amounts were also excluded from the computation of weighted average potentially dilutive securities in the table above.

17. SEGMENT DATA

The Company manages its operations through its operating divisions, which are presented as its reportable segments: (i) Tommy Hilfiger North America; (ii) Tommy Hilfiger International; (iii) Calvin Klein North America; (iv) Calvin Klein International; and (v) Heritage Brands Wholesale.

Tommy Hilfiger North America Segment - This segment consists of the Company's Tommy Hilfiger North America division. This segment derives revenue principally from (i) marketing *TOMMY HILFIGER* branded apparel and related products at wholesale in the United States and Canada, primarily to department stores and off-price and independent retailers, as well as digital commerce sites operated by department store customers and pure play digital commerce retailers; (ii) operating retail stores, which are primarily located in premium outlet centers in the United States and Canada, and a digital commerce site in the United States, which sells *TOMMY HILFIGER* branded apparel, accessories and related products; and (iii) licensing and similar arrangements relating to the use by third parties of the *TOMMY HILFIGER* brand names for a broad range of product categories in North America. This segment also includes the Company's proportionate share of the net income or loss of its investments in its unconsolidated affiliate in Mexico and its unconsolidated PVH Legwear LLC ("PVH Legwear") affiliate relating to each affiliate's Tommy Hilfiger business.

Tommy Hilfiger International Segment - This segment consists of the Company's Tommy Hilfiger International division. This segment derives revenue principally from (i) marketing *TOMMY HILFIGER* branded apparel and related products at wholesale principally in Europe, Asia and Australia, primarily to department and specialty stores, and digital commerce sites operated by department store customers and pure play digital commerce retailers, as well as through distributors and franchisees; (ii)

operating retail stores, concession locations and digital commerce sites in Europe, Asia and Australia, which sell *TOMMY HILFIGER* branded apparel, accessories and related products; and (iii) licensing and similar arrangements relating to the use by third parties of the *TOMMY HILFIGER* brand names for a broad range of product categories outside of North America. This segment also includes the Company's proportionate share of the net income or loss of its investments in its unconsolidated affiliate in Brazil and its unconsolidated affiliate in India relating to each affiliate's Tommy Hilfiger business.

Calvin Klein North America Segment - This segment consists of the Company's Calvin Klein North America division. This segment derives revenue principally from (i) marketing *Calvin Klein* branded apparel and related products at wholesale in the United States and Canada, primarily to warehouse clubs, department and specialty stores, and off-price and independent retailers, as well as digital commerce sites operated by department store customers and pure play digital commerce retailers; (ii) operating retail stores, which are primarily located in premium outlet centers in the United States and Canada, and a digital commerce site in the United States, which sells *Calvin Klein* branded apparel, accessories and related products; and (iii) licensing and similar arrangements relating to the use by third parties of the *Calvin Klein* brand names for a broad range of product categories in North America. This segment also includes the Company's proportionate share of the net income or loss of its investments in its unconsolidated affiliate in Mexico and its unconsolidated PVH Legwear affiliate relating to each affiliate's Calvin Klein business.

Calvin Klein International Segment - This segment consists of the Company's Calvin Klein International division. This segment derives revenue principally from (i) marketing *Calvin Klein* branded apparel and related products at wholesale principally in Europe, Asia, Brazil and Australia, primarily to department and specialty stores, and digital commerce sites operated by department store customers and pure play digital commerce retailers, as well as through distributors and franchisees; (ii) operating retail stores, concession locations and digital commerce sites in Europe, Asia, Brazil and Australia, which sell *Calvin Klein* branded apparel, accessories and related products; and (iii) licensing and similar arrangements relating to the use by third parties of the *Calvin Klein* brand names for a broad range of product categories outside of North America. This segment also includes the Company's proportionate share of the net income or loss of its investment in its unconsolidated affiliate in India relating to the affiliate's Calvin Klein business.

Heritage Brands Wholesale Segment - This segment consists of the Company's Heritage Brands Wholesale division. This segment derives revenue primarily from the marketing to department, chain and specialty stores, warehouse clubs, mass market, and off-price retailers (in stores and online), as well as pure play digital commerce retailers primarily in North America of (i) women's intimate apparel under the *Warner's*, *Olga* and *True&Co.* brands; (ii) men's underwear under the *Nike* brand, which is licensed; and (iii) men's dress shirts under the *Van Heusen* brand, which is licensed, as well as under various other licensed brand names. The Company sold the women's intimate apparel brands on November 27, 2023. Please see Note 4, "Assets Held for Sale," for further discussion of the Heritage Brands intimate apparel transaction. This segment also includes the Company's proportionate share of the net income or loss of its investments in its unconsolidated affiliate in Mexico and its unconsolidated PVH Legwear affiliate relating to each affiliate's business under various owned and licensed brand names.

The Company's revenue by segment was as follows:

(In millions)	Thirteen Weeks Ended		Thirty-Nine Weeks Ended

Income (loss) before interest and taxes	\$ 229.8	\$ (214.0)	\$ 571.9	\$ 173.3

⁽¹⁾ Income (loss) before interest and taxes was impacted by fluctuations of the United States dollar against foreign currencies in which the Company transacts significant levels of business.

⁽²⁾ Includes corporate expenses not allocated to any reportable segments and the Company's proportionate share of the net income or loss of its investment in Karl Lagerfeld until the closing of the Karl Lagerfeld transaction on May 31, 2022. Please see Note 5, "Investments in Unconsolidated Affiliates," for further discussion. Corporate expenses represent overhead operating expenses and include expenses for senior corporate management, corporate finance, information technology related to corporate infrastructure, certain digital investments, certain corporate responsibility initiatives, certain global strategic initiatives and actuarial gains and losses on the Company's Pension Plans, SERP Plans and Postretirement Plans (which are generally recorded in the fourth quarter).

⁽³⁾ Income (loss) before interest and taxes for the thirteen weeks ended October 29, 2023 included costs of \$18.8 million incurred related to the 2022 cost savings initiative described in Note 15, "Exit Activity Costs," consisting principally of severance. Such costs were included in the Company's segments as follows: \$5.4 million in Tommy Hilfiger North America, \$3.6 million in Tommy Hilfiger International, \$2.6 million in Calvin Klein North America, \$1.7 million in Calvin Klein International, \$3.2 million in Heritage Brands Wholesale and \$2.3 million in corporate expenses not allocated to any reportable segments. Please see Note 15, "Exit Activity Costs," for further discussion.

⁽⁴⁾ (Loss) income before interest and taxes for the thirteen and thirty-nine weeks ended October 30, 2022 included a noncash goodwill impairment charge of \$417.1 million. The goodwill impairment charge was included in the Company's segments

as follows: \$177.2 million in Tommy Hilfiger North America, \$162.6 million in Calvin Klein North America and \$77.3 million in Calvin Klein International. Please see Note 6, “Goodwill and Other Intangible Assets,” for further discussion.

⁽⁵⁾ (Loss) income before interest and taxes for the thirteen and thirty-nine weeks ended October 30, 2022 included costs of \$16.7 million incurred related to the 2022 cost savings initiative described in Note 15, “Exit Activity Costs,” consisting of severance. Such costs were included in the Company’s segments as follows: \$4.2 million in Tommy Hilfiger North America, \$2.1 million in Tommy Hilfiger International, \$4.0 million in Calvin Klein North America, \$2.7 million in Calvin Klein International, \$2.2 million in Heritage Brands Wholesale and \$1.5 million in corporate expenses not allocated to any reportable segments. Please see Note 15, “Exit Activity Costs,” for further discussion.

⁽⁶⁾ Income (loss) before interest and taxes for the thirty-nine weeks ended October 29, 2023 included costs of \$57.8 million incurred related to the 2022 cost savings initiative described in Note 15, “Exit Activity Costs,” consisting principally of severance. Such costs were included in the Company’s segments as follows: \$11.8 million in Tommy Hilfiger North America, \$15.9 million in Tommy Hilfiger International, \$8.5 million in Calvin Klein North America, \$10.2 million in Calvin Klein International, \$7.8 million in Heritage Brands Wholesale and \$3.6 million in corporate expenses not allocated to any reportable segments. Please see Note 15, “Exit Activity Costs,” for further discussion.

⁽⁷⁾ Income before interest and taxes for the thirty-nine weeks ended October 30, 2022 included costs of \$50.5 million incurred in connection with the Company’s decision to exit from its Russia business, principally consisting of noncash asset impairments. Such costs were included in the Company’s segments as follows: \$36.7 million in Tommy Hilfiger International and \$13.8 million in Calvin Klein International. Please see Note 15, “Exit Activity Costs,” for further discussion.

⁽⁸⁾ Loss before interest and taxes for the thirty-nine weeks ended October 30, 2022 included a gain of \$16.1 million in connection with the Karl Lagerfeld transaction. Please see Note 5, “Investments in Unconsolidated Affiliates,” for further discussion.

Intersegment transactions, which primarily consist of transfers of inventory, are not material.

18. RECENT ACCOUNTING GUIDANCE

Recently Adopted Accounting Guidance

The Financial Accounting Standards Board (“FASB”) issued in September 2022 an update to accounting guidance requiring disclosures that increase the transparency surrounding the use of supplier finance programs, including the key terms of the programs, and information about the obligations under these programs, including a rollforward of those obligations. The update does not affect the recognition, measurement, or financial statement presentation of obligations covered by supplier finance programs. The Company adopted the update in the first quarter of 2023 on a retrospective basis, except for the requirement to disclose rollforward information, which will be effective for the Company in the first quarter of 2024 on a prospective basis. The adoption did not have any impact on the Company’s consolidated financial statements as the guidance only pertains to financial statements footnote disclosures. Please see Note 19, “Other Comments,” for the Company’s disclosures pertaining to this update.

The FASB issued in October 2021 an update to accounting guidance to improve the accounting for acquired revenue contracts with customers in a business combination by addressing diversity in practice and inconsistency related to their recognition and measurement. The update requires an acquirer to recognize and measure contract assets and contract liabilities acquired in a business combination in accordance with revenue recognition guidance. This generally will result in the acquirer recognizing contract assets and contract liabilities at the same amounts recorded by the acquiree immediately before the acquisition date. Historically, such amounts were recognized by the acquirer at fair value. The Company adopted the update in the first quarter of 2023, which did not have an impact on the Company’s consolidated financial statements due to the absence of any applicable transactions. The impact on the Company’s consolidated financial statements will depend on the facts and circumstances of any future transactions.

19. OTHER COMMENTS

Warehouse and Distribution Expenses

The Company records warehousing and distribution expenses, which are subject to exchange rate fluctuations, as a component of SG&A expenses in its Consolidated Statements of Operations. Warehousing and distribution expenses incurred in the

thirteen and thirty-nine weeks ended October 29, 2023 totaled \$88.7 million and \$264.2 million, respectively. Warehousing and distribution expenses incurred in the thirteen and thirty-nine weeks ended October 30, 2022 totaled \$93.1 million and \$259.9 million, respectively.

Allowance For Credit Losses

The Company is exposed to credit losses primarily through trade receivables from its customers and licensees. The Company records an allowance for credit losses as a reduction to its trade receivables for amounts that the Company does not expect to recover. An allowance for credit losses is determined through an analysis of the aging of accounts receivable and assessments of collectibility based on historical trends, the financial condition of the Company's customers and licensees, including any known or anticipated bankruptcies, and an evaluation of current economic conditions as well as the Company's expectations of conditions in the future. The Company writes off uncollectible trade receivables once collection efforts have been exhausted and third parties confirm the balance is not recoverable. The allowance for credit losses on trade receivables was \$43.9 million, \$42.6 million and \$50.9 million as of October 29, 2023, January 29, 2023 and October 30, 2022, respectively.

Supply Chain Finance Program

The Company has a voluntary supply chain finance program (the "SCF program") administered through a third party platform that provides the Company's inventory suppliers with the opportunity to sell their receivables due from the Company to participating financial institutions in advance of the invoice due date, at the sole discretion of both the suppliers and the financial institutions. The Company is not a party to the agreements between the suppliers and the financial institutions and has no economic interest in a supplier's decision to sell a receivable. The Company's payment obligations, including the amounts due and payment terms, which generally do not exceed 90 days, are not impacted by suppliers' participation in the SCF program.

Accordingly, amounts due to suppliers that elected to participate in the SCF program are included in accounts payable in the Company's Consolidated Balance Sheets and the corresponding payments are reflected in cash flows from operating activities in the Company's Consolidated Statements of Cash Flows. Suppliers had elected to sell \$348.3 million, \$506.8 million and \$532.6 million of the Company's payment obligations that were outstanding as of October 29, 2023, January 29, 2023 and October 30, 2022, respectively, to financial institutions and \$1,481.8 million and \$1,621.8 million had been settled through the program during the thirty-nine weeks ended October 29, 2023 and October 30, 2022, respectively.

Guarantees

The Company has guaranteed the payment of amounts on behalf of certain parties. There have been no significant changes to the amounts guaranteed by the Company from those discussed in Note 21, "Guarantees," in the Notes to Consolidated Financial Statements included in Item 8 of the Company's Annual Report on Form 10-K for the year ended January 29, 2023.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We aggregate our reportable segments into three main businesses: (i) Tommy Hilfiger, which consists of the businesses we operate under our *TOMMY HILFIGER* trademarks; (ii) Calvin Klein, which consists of the businesses we operate under our *Calvin Klein* trademarks; and (iii) Heritage Brands, which consists of the businesses we operate under our *Warner's*, *Olga* and *True&Co.* trademarks, which we owned until November 27, 2023, the *Van Heusen* and *Nike* trademarks, which we license for certain product categories, and other licensed trademarks. References to brand names are to registered and common law trademarks owned by us or licensed to us by third parties and are identified by italicizing the brand name.

OVERVIEW

The following discussion and analysis is intended to help you understand us, our operations and our financial performance. It should be read in conjunction with our consolidated financial statements and the accompanying notes, which are included in the immediately preceding item of this report.

We are one of the largest global apparel companies in the world, with a history going back over 140 years. We have been listed on the New York Stock Exchange for over 100 years. We manage a portfolio of iconic brands, including *TOMMY HILFIGER* and *Calvin Klein*, which are owned, *Warner's*, *Olga* and *True&Co.*, which we owned until November 27, 2023, *Van Heusen* and *Nike*, which we license for certain product categories, and other owned and licensed brands. We entered into a definitive agreement on November 10, 2023 to sell our *Warner's*, *Olga* and *True&Co.* businesses to Basic Resources and completed the sale on November 27, 2023 (the "Heritage Brands intimate apparel transaction"). We also license the use of our trademarks to third parties and joint ventures for product categories and in regions where we believe our licensees' expertise can better serve our brands.

Our revenue was \$9.0 billion in 2022, of which over 65% was generated outside of the United States. Our global iconic brands, *TOMMY HILFIGER* and *Calvin Klein*, together generated over 90% of our revenue.

PVH+ Plan

At our April 2022 Investor Day, we introduced the PVH+ Plan, our multi-year, strategic plan to drive brand-, digital- and direct-to-consumer-led growth and financial performance for sustainable, long-term profitable growth and value creation. The PVH+ Plan builds on our core strengths and connects *Calvin Klein* and *TOMMY HILFIGER* closer to the consumer than ever before through five key drivers: (1) win with product, (2) win with consumer engagement, (3) win the digitally-led marketplace, (4) develop a demand- and data-driven operating model, and (5) drive efficiencies and invest in growth. These five foundational drivers apply to each of our businesses and are activated in the regions to meet the unique expectations of our consumers around the world.

RESULTS OF OPERATIONS

War in Ukraine and Israel-Hamas War

As a result of the war in Ukraine, we announced in March 2022 that we were temporarily closing stores and pausing commercial activities in Russia and Belarus. In the second quarter of 2022, we made the decision to exit from our Russia business, including the closure of our retail stores in Russia and the cessation of our wholesale operations in Russia and Belarus. Additionally, while we have no direct operations in Ukraine, virtually all of our wholesale customers and franchisees in Ukraine have been impacted, which has resulted in a reduction in shipments to these customers and canceled orders.

We recorded net pre-tax costs of \$43 million in 2022 in connection with our decision to exit from the Russia business, consisting of (i) \$44 million of noncash asset impairments, (ii) \$5 million of contract termination and other costs and (iii) \$2 million of severance, partially offset by (iv) an \$8 million gain related to the early termination of certain store lease agreements in Russia. The \$50 million of pre-tax costs were incurred in the second quarter of 2022 and the pre-tax gain of \$8 million was recorded in the fourth quarter of 2022. Please see Note 15, "Exit Activity Costs," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

The war in Ukraine also led to broader macroeconomic implications, including for a significant portion of 2022, the weakening of the euro against the United States dollar, increases in fuel prices and volatility in the financial markets, as well as a decline in consumer spending.

The recent Israel-Hamas war, which began in October 2023, is not expected to have a material impact on our business. Less than 1% of our revenue in 2023 is expected to be generated in Israel, and less than 2% of our revenue in 2023 is expected to be generated in the Middle East, including Israel.

There is uncertainty regarding the extent to which these wars and their broader macroeconomic implications, including the potential impacts on the broader European market, will impact our business, financial condition and results of operations for the remainder of 2023.

Inflationary Pressures

Inflationary pressures negatively impacted our revenue and earnings in 2022 and have continued through the first nine months of 2023, including (i) increased labor and product costs and (ii) beginning late in the second quarter of 2022, a slowdown in consumer demand for apparel and related products, as consumers reduced discretionary spend and certain wholesale customers have taken a more cautious approach, particularly in North America and, increasingly as 2023 has progressed, in Europe. We implemented price increases in certain regions and for certain product categories beginning in the first quarter of 2022, and more extensively in the second half of 2022, to mitigate the higher costs. We expect inflationary pressures to continue to negatively impact our revenue and earnings for the remainder of 2023, although to a lesser extent than in 2022, as we are benefiting from the decline in ocean freight rates and raw materials costs in the second half of 2023.

COVID-19 Pandemic

The COVID-19 pandemic had a significant impact on our business, results of operations, financial condition and cash flows from operations during 2022. The pandemic did not have a significant impact on us during the first nine months of 2023 and is not expected to have a significant impact on us for the remainder of the year.

Strict lockdowns in China during 2022 resulted in extensive temporary store closures and significant reductions in consumer traffic and purchasing, as well as impacted certain warehouses, which resulted in the temporary pause of deliveries to our wholesale customers and from our digital commerce businesses in the first half of 2022. COVID-related restrictions in China were lifted at the end of the fourth quarter of 2022.

In addition, our North America stores have been challenged by the significant decrease in international tourists coming to the United States since the onset of the pandemic. While international tourism levels have continuously improved since 2020, we expect international tourist shopping levels and sales in our stores for the remainder of 2023 will continue to be below 2019 levels. Stores located in international tourist destinations had represented a significant portion of the North America retail business prior to the pandemic.

In addition, pandemic-related supply chain and logistics disruptions have impacted our supply chain partners, including third party manufacturers, logistics providers and other vendors, as well as the supply chains of our licensees. The vessel, container and other transportation shortages, labor shortages and port congestion globally, as well as production delays in some of our key sourcing countries, delayed product orders during the first half of 2022, and, in turn, deliveries to our wholesale customers and availability in our stores and for our directly operated digital commerce businesses. These supply chain and logistics disruptions impacted our inventory levels, including in-transit goods, and our sales volumes. We incurred higher air freight and other logistics costs in the first half of 2022 in connection with these disruptions. To mitigate the supply chain and logistics disruptions, we increased our core product inventory levels. These impacts significantly improved in the second half of 2022.

Outlook Uncertainty due to War and Inflation

There continues to be uncertainty in the current macroeconomic environment due to inflationary pressures globally, the war in Ukraine, the Israel-Hamas war and foreign currency volatility. Our 2023 outlook assumes no material worsening of current conditions. Our revenue and earnings for the remainder of 2023 may be subject to significant material change based on changes in these and other factors.

Operations Overview

We generate net sales from (i) the wholesale distribution to traditional retailers (both for stores and digital operations), pure play digital commerce retailers, franchisees, licensees and distributors of branded sportswear (casual apparel), jeanswear, performance apparel, intimate apparel, underwear, swimwear, dress shirts, handbags, accessories, footwear and other related products under owned and licensed trademarks, and (ii) the sale of certain of these products through (a) approximately 1,400

Company-operated free-standing store locations worldwide under our *TOMMY HILFIGER* and *Calvin Klein* trademarks, (b) approximately 1,500 Company-operated shop-in-shop/concession locations worldwide under our *TOMMY HILFIGER* and *Calvin Klein* trademarks, and (c) digital commerce sites worldwide, under our *TOMMY HILFIGER* and *Calvin Klein* trademarks. Additionally, we generate royalty, advertising and other revenue from fees for licensing the use of our trademarks. We manage our operations through our operating divisions, which are presented as the following reportable segments: (i) Tommy Hilfiger North America; (ii) Tommy Hilfiger International; (iii) Calvin Klein North America; (iv) Calvin Klein International; and (v) Heritage Brands Wholesale.

The following actions, transactions and events, in addition to the exit from our Russia business discussed above, have impacted our results of operations and the comparability among the periods, including our full year 2023 expectations as compared to the full year 2022, as discussed below:

- We completed the sale of our Warner's, Olga and True&Co. businesses to Basic Resources on November 27, 2023 for \$160 million in cash, subject to an adjustment. There is a potential earnout of up to \$10 million that we may receive subsequent to the earnout period, based on calendar year 2024 net sales of a portion of the sold businesses. We plan to utilize the net proceeds from the Heritage Brands intimate apparel transaction to repurchase shares of our common stock. We will record a pre-tax net gain of approximately \$10 million in the fourth quarter of 2023 in connection with the closing of the Heritage Brands intimate apparel transaction, which includes an estimated gain on the sale, less costs to sell, and severance and other termination benefits associated with the transaction. The pre-tax net gain does not include any potential earnout we may recognize in 2024 subsequent to the earnout period. Please see Note 4, "Assets Held for Sale," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.
- We announced in August 2022 plans to reduce people costs in our global offices by approximately 10% by the end of 2023 to drive efficiencies and enable continued strategic investments to fuel growth, including in digital, supply chain and consumer engagement (the "2022 cost savings initiative"), which is expected to result in annual cost savings of over \$100 million, net of continued strategic people investments. We recorded pre-tax costs of \$20 million during 2022, consisting principally of severance related to initial actions taken under the plans. We recorded pre-tax costs of \$58 million during the thirty-nine weeks ended October 29, 2023, consisting principally of severance related to additional actions taken in July and September 2023, and expect to incur approximately \$7 million in the fourth quarter of 2023 in connection with the 2022 cost savings initiative, consisting principally of severance. Please see Note 15, "Exit Activity Costs," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.
- We recorded a pre-tax noncash goodwill impairment charge of \$417 million in the third quarter of 2022 in conjunction with our annual goodwill and other indefinite-lived intangible asset impairment testing. The impairment was non-operational and driven by a significant increase in discount rates as a result of then-current economic conditions. Please see Note 6, "Goodwill and Other Intangible Assets," in the Notes to Consolidated Financial Statements included in Part I Item 1 of this report for further discussion.
- We completed the sale of our approximately 8% economic interest in Karl Lagerfeld Holding B.V. ("Karl Lagerfeld") to a subsidiary of G-III Apparel Group, Ltd. ("G-III") on May 31, 2022 for approximately \$20 million in cash, subject to customary adjustments, of which \$19 million was received in the second quarter of 2022 and the remaining \$1 million which was previously held in escrow was received in the fourth quarter of 2023 (the "Karl Lagerfeld transaction"). We recorded a pre-tax gain of \$16 million in the second quarter of 2022 in connection with the transaction. Please see Note 5, "Investments in Unconsolidated Affiliates," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

We also announced in November 2022 that we extended most of our licensing agreements with G-III for *Calvin Klein* and *TOMMY HILFIGER* in the United States and Canada, largely pertaining to the women's apparel product categories sold at wholesale in North America. These agreements now have staggered expirations from the end of 2023 through 2027. Upon expiration, we intend to bring most of the licensed product categories in-house and directly operate these businesses. We do not expect the license expirations at the end of 2023 will have a significant impact on our results of operations or financial condition in 2023.

Our Tommy Hilfiger and Calvin Klein businesses each have substantial international components that expose us to significant foreign exchange risk. Our Heritage Brands business also has international components but those components are not significant to the business. Our results of operations in local foreign currencies are translated into United States dollars using an average exchange rate over the representative period. Accordingly, our results of operations are unfavorably impacted during

times of a strengthening United States dollar against the foreign currencies in which we generate significant revenue and earnings and favorably impacted during times of a weakening United States dollar against those currencies. Over 65% of our 2022 revenue was subject to foreign currency translation. The United States dollar strengthened against the euro, which is the foreign currency in which we transact the most business, as well as against most major currencies, during the first nine months of 2022, but then began to weaken in the fourth quarter of 2022. The United States dollar continued to weaken against the euro during the first nine months of 2023. The favorable impact in 2023 from the weakening of the United States dollar against the euro has been partially offset by the recent strengthening of the United States dollar against key currencies in which we transact business in the Asia Pacific region. We currently expect our 2023 revenue and net income to increase by approximately \$45 million and \$7 million, respectively, due to the impact of foreign currency translation.

There also is a transactional impact of foreign exchange on our financial results because inventory typically is purchased in United States dollars by our foreign subsidiaries. Our results of operations will be unfavorably impacted during times of a strengthening United States dollar, as the increased local currency value of inventory results in a higher cost of goods in local currency when the goods are sold, and favorably impacted during times of a weakening United States dollar, as the decreased local currency value of inventory results in a lower cost of goods in local currency when the goods are sold. We use foreign currency forward contracts to hedge against a portion of the exposure related to this transactional impact. We enter into these contracts up to 18 months in advance for a portion of the projected purchases and may enter into incremental contracts leading up to the time the inventory purchases occur. Therefore, the impact of fluctuations of the United States dollar on the cost of inventory purchases covered by these contracts may be realized in our results of operations up to 18 months following their inception, as the underlying inventory hedged by the contracts is sold. We currently expect our 2023 net income to decrease by approximately \$75 million as compared to 2022 due to the transactional impact of foreign currency with an expected negative impact to our 2023 gross margin of approximately 100 basis points.

We also have exposure to changes in foreign currency exchange rates related to our €1.125 billion aggregate principal amount of senior notes that are held in the United States. The strengthening of the United States dollar against the euro would require us to use a lower amount of our cash flows from operations to pay interest and make long-term debt repayments, whereas the weakening of the United States dollar against the euro would require us to use a greater amount of our cash flows from operations to pay interest and make long-term debt repayments. We designated the par value of these senior notes issued by PVH Corp., a U.S.-based entity, as net investment hedges of our investments in certain of our foreign subsidiaries that use the euro as their functional currency. In addition, we entered into multiple fixed-to-fixed cross-currency swap contracts in the third quarter of 2023, which, in aggregate, economically convert our \$500.0 million principal amount of 4 5/8% senior notes due 2025 from a United States dollar-denominated obligation to a euro-denominated obligation of €457.2 million. As part of these swap contracts, we will receive fixed-rate United States dollar-denominated interest at a weighted average rate of 1.405% and pay fixed-rate euro-denominated interest at a rate of 0%. We also designated these cross-currency swap contracts as net investment hedges of our investments in certain of our foreign subsidiaries that use the euro as their functional currency. As a result, the remeasurement of these foreign currency borrowings and cross-currency swap contracts at the end of each period is recorded in equity. Please see Note 10, "Derivative Financial Instruments," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

SEASONALITY

Our business generally follows a seasonal pattern. Our wholesale businesses tend to generate higher levels of sales in the first and third quarters, while our retail businesses tend to generate higher levels of sales in the fourth quarter. Royalty, advertising and other revenue tends to be earned somewhat evenly throughout the year, although the third quarter tends to have the highest level of royalty revenue due to higher sales by licensees in advance of the holiday selling season. We expect this seasonal pattern will generally continue. Working capital requirements vary throughout the year to support these seasonal patterns and business trends.

Due to the above seasonal factors, our results of operations for the thirteen and thirty-nine weeks ended October 29, 2023 are not necessarily indicative of those for a full fiscal year.

Thirteen Weeks Ended October 29, 2023 Compared With Thirteen Weeks Ended October 30, 2022

Total Revenue

Total revenue in the third quarter of 2023 was \$2.363 billion as compared to \$2.281 billion in the third quarter of the prior year. The increase in revenue of \$82 million, or 4%, included a 3% positive impact of foreign currency translation and was due principally to the net effect of the following items:

- The addition of an aggregate \$43 million of revenue, or a 4% increase compared to the prior year period, attributable to our Tommy Hilfiger International and Tommy Hilfiger North America segments, which included a positive impact of \$43 million, or 4%, related to foreign currency translation. Tommy Hilfiger International segment revenue increased 3% (including a 5% positive foreign currency impact). Revenue in our Tommy Hilfiger North America segment increased 6%.
- The net addition of an aggregate \$56 million of revenue, or a 6% increase compared to the prior year period, attributable to our Calvin Klein International and Calvin Klein North America segments, which included a positive impact of \$24 million, or 2%, related to foreign currency translation. Calvin Klein International segment revenue increased 10% (including a 4% positive foreign currency impact). Revenue in our Calvin Klein North America segment decreased 1% driven by a decrease in revenue through the wholesale distribution channel.
- The reduction of \$17 million of revenue, or an 11% decrease compared to the prior year period, attributable to our Heritage Brands Wholesale segment.

Our revenue through our direct-to-consumer distribution channel in the third quarter of 2023 increased 8%, including a 2% positive foreign currency impact. Sales through our directly operated digital commerce businesses increased 15%, including a 3% positive foreign currency impact. Our sales through digital channels, including the digital businesses of our traditional and pure play wholesale customers and our directly operated digital commerce businesses, was approximately 20% of total revenue. Our revenue through our wholesale distribution channel increased 1% in the third quarter of 2023, inclusive of a 4% positive foreign currency impact.

Gross Profit

Gross profit is calculated as total revenue less cost of goods sold and gross margin is calculated as gross profit divided by total revenue. Included as cost of goods sold are costs associated with the production and procurement of product, such as inbound freight costs, purchasing and receiving costs, and inspection costs. Also included as cost of goods sold are the amounts recognized on foreign currency forward contracts as the underlying inventory hedged by such forward exchange contracts is sold. Warehousing and distribution expenses are included in selling, general and administrative (“SG&A”) expenses. All of our royalty, advertising and other revenue from licensing the use of our trademarks is included in gross profit because there is no cost of goods sold associated with such revenue. As a result, our gross profit may not be comparable to that of other entities.

Gross profit in the third quarter of 2023 was \$1.339 billion, or 56.7% of total revenue, as compared to \$1.274 billion, or 55.9% of total revenue, in the third quarter of the prior year. The 80 basis point increase was primarily driven by (i) lower freight and logistics costs as compared to the prior year period, (ii) the impact of a change in the revenue mix between our International and North America segments, as our International segments’ revenue was a larger proportion and these segments carry higher gross margins, and (iii) the impact of a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel, as our direct-to-consumer distribution channel was a larger proportion and carries higher gross margins. These increases were partially offset by an approximately 100 basis point decline due to the unfavorable impact of the stronger United States dollar on our international businesses, particularly our European businesses, that purchase inventory in United States dollars, for which they generally enter into foreign currency forward contracts up to 18 months in advance of the related inventory purchases, as the increased local currency value of inventory results in higher cost of goods in local currency when the goods are sold.

SG&A Expenses

SG&A expenses in the third quarter of 2023 were \$1.124 billion, or 47.6% of total revenue, as compared to \$1.085 billion, or 47.6% of total revenue, in the third quarter of the prior year. SG&A expenses as percentage of revenue were flat compared to the prior year period and included increases resulting from (i) the impact of a change in the revenue mix between our International and North America segments, as our International segments’ revenue was a larger proportion and these segments

carry higher SG&A expenses as percentages of total revenue, (ii) the impact of a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel, as our direct-to-consumer distribution channel was a larger proportion and carries higher SG&A expenses as a percentage of total revenue and (iii) an increase in investments to drive our strategic initiatives, including a nearly 20% increase in marketing. These increases were offset by an approximately 150 basis point favorable impact due to the combination of (i) the 2022 costs savings initiative and (ii) cost efficiencies across the business as we take a disciplined approach to managing expenses.

Goodwill Impairment

We recorded a pre-tax noncash goodwill impairment charge of \$417 million in the third quarter of 2022 in conjunction with our annual goodwill and other indefinite-lived intangible asset impairment testing. The impairment was non-operational and driven by a significant increase in discount rates, as a result of then-current economic conditions. Please see Note 6, "Goodwill and Other Intangible Assets," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

Non-Service Related Pension and Postretirement Income

Non-service related pension and postretirement income in the third quarter of 2023 was approximately \$500,000 as compared to \$3 million in the third quarter of the prior year. Please see Note 7, "Retirement and Benefit Plans," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

Equity in Net Income of Unconsolidated Affiliates

The equity in net income of unconsolidated affiliates was \$14 million in the third quarter of 2023 as compared to \$11 million in the third quarter of the prior year. These amounts relate to our share of income (loss) from (i) our joint venture for the *TOMMY HILFIGER* and *Calvin Klein* brands, and other owned and licensed trademarks in Mexico, (ii) our joint venture for the *TOMMY HILFIGER* and *Calvin Klein* brands in India, (iii) our joint venture for the *TOMMY HILFIGER* brand in Brazil and (iv) our PVH Legwear LLC joint venture for the *TOMMY HILFIGER* and *Calvin Klein* brands and other owned and licensed trademarks in the United States and Canada. Our investments in the joint ventures are being accounted for under the equity method of accounting.

Interest Expense, Net

Interest expense, net increased to \$22 million in the third quarter of 2023 from \$19 million in the third quarter of the prior year, primarily due to an increase in interest rates as compared to the prior year period.

Income Taxes

The effective income tax rate for the third quarter of 2023 was 22.2% compared to 19.8% in the third quarter of the prior year. The increase in the effective income tax rate was primarily due to a change in the mix of international and domestic earnings.

Thirty-Nine Weeks Ended October 29, 2023 Compared With Thirty-Nine Weeks Ended October 30, 2022

Total Revenue

Total revenue in the thirty-nine weeks ended October 29, 2023 was \$6.728 billion as compared to \$6.536 billion in the thirty-nine week period of the prior year. The increase in revenue of \$192 million, or 3%, included a 1% positive impact of foreign currency translation and was due principally to the net effect of the following items:

- The addition of an aggregate \$157 million of revenue, or a 5% increase compared to the prior year period, attributable to our Tommy Hilfiger International and Tommy Hilfiger North America segments, which included a positive impact of \$33 million, or 1%, related to foreign currency translation. Tommy Hilfiger International segment revenue increased 4% (including a 2% positive foreign currency impact). Revenue in our Tommy Hilfiger North America segment increased 7%.
- The net addition of an aggregate \$87 million of revenue, or a 3% increase compared to the prior year period, attributable to our Calvin Klein International and Calvin Klein North America segments. Calvin Klein International segment revenue increased 9%. Revenue in our Calvin Klein North America segment decreased 7%, as an increase in

revenue through its direct-to-consumer distribution channel was more than offset by a decrease in revenue through the wholesale distribution channel. The impact of foreign currency translation on our Calvin Klein segments' revenue in the period was not significant.

- The reduction of \$52 million of revenue, or an 11% decrease compared to the prior year period, attributable to our Heritage Brands Wholesale segment.

Our revenue through our direct-to-consumer distribution channel in the thirty-nine weeks ended October 29, 2023 increased 9%. The impact of foreign currency translation on our direct-to-consumer distribution channel revenue in the period was not significant. Sales through our directly operated digital commerce businesses increased 10%. Our sales through digital channels, including the digital businesses of our traditional and pure play wholesale customers and our directly operated digital commerce businesses, was approximately 20% of total revenue. Our revenue through our wholesale distribution channel decreased 1% in the thirty-nine weeks ended October 29, 2023, inclusive of a 1% positive foreign currency impact.

We currently expect revenue for the full year 2023 to increase approximately 1% compared to 2022, inclusive of the positive impact of less than 1% related to the 53rd week in 2023 and the negative impact of less than 1% related to the Heritage Brands intimate apparel transaction. We currently expect revenue for the fourth quarter of 2023 to decrease 3% to 4% compared to the prior year period. We expect the benefit of the 53rd week in the fourth quarter of 2023 to mostly offset the revenue reduction from the Heritage Brands intimate apparel transaction. We do not expect foreign currency translation to have a significant impact on our revenue in either of the respective periods.

Gross Profit

Gross profit in the thirty-nine weeks ended October 29, 2023 was \$3.862 billion, or 57.4% of total revenue, as compared to \$3.732 billion, or 57.1% of total revenue, in the thirty-nine week period of the prior year. The 30 basis point increase was primarily driven by (i) price increases that were implemented in certain regions and for certain product categories during 2022, (ii) lower freight and other logistics costs as compared to the prior year period, (iii) the impact of a change in the revenue mix between our International and North America segments, as our International segments' revenue was a larger proportion and these segments carry higher gross margins, and (iv) the impact of a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel, as our direct-to-consumer distribution channel was a larger proportion and carries higher gross margins. These increases were partly offset by (i) higher product costs as a result of inflationary pressures as compared to the prior year period and (ii) an approximately 120 basis point decline due to the unfavorable impact of the stronger United States dollar on our international businesses, particularly our European businesses, that purchase inventory in United States dollars, for which they generally enter into foreign currency forward contracts up to 18 months in advance of the related inventory purchases, as the increased local currency value of inventory results in higher cost of goods in local currency when the goods are sold.

We currently expect that gross margin for the fourth quarter of 2023 will increase by approximately 400 basis points as compared to the fourth quarter of 2022 primarily as a result of (i) an approximately 125 basis point favorable impact due to lower freight and other logistics costs as compared to the prior year, (ii) an approximately 150 basis point favorable impact due to the combination of (a) a change in the revenue mix between our International and North America segments as compared to 2022, as our International segments' revenue is expected to be a larger proportion in 2023 than in 2022 and generally carries higher gross margins and (b) a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel as compared to 2022, as our direct-to-consumer distribution channel is expected to be a larger proportion in 2023 than in 2022 and generally carries higher gross margins and (iii) an approximately 125 basis point increase due to lower product costs in the fourth quarter as compared to the prior year period. These increases are expected to be partially offset by the approximately 50 basis point decline due to the unfavorable impact of the stronger United States dollar on our international businesses that purchase inventory in United States dollars as discussed.

SG&A Expenses

SG&A expenses in the thirty-nine weeks ended October 29, 2023 were \$3.326 billion, or 49.4% of total revenue, as compared to \$3.195 billion, or 48.9% of total revenue, in the thirty-nine week period of the prior year. The 50 basis point increase was due to (i) the impact of a change in the revenue mix between our International and North America segments, as our International segments' revenue was a larger proportion and these segments carry higher SG&A expenses as percentages of total revenue, (ii) the impact of a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel, as our direct-to-consumer distribution channel was a larger proportion and carries higher SG&A expenses as a percentage of total revenue, (iii) net costs incurred in connection with the 2022 cost savings initiative and (iv) an increase in investments to drive our strategic initiatives, including an increase in marketing. These increases were partially offset by (i) the

absence in 2023 of costs incurred in 2022 in connection with the exit from our Russia business primarily consisting of noncash asset impairments and (ii) cost efficiencies across the business as we take a disciplined approach to managing expenses.

We currently expect that SG&A expenses as a percentage of revenue for the fourth quarter of 2023 will increase approximately 100 basis points as compared to the fourth quarter of 2022. Our expectation for the fourth quarter of 2023 includes increases primarily as a result of (i) the impact of a change in the revenue mix between our International and North America segments as compared to 2022, as our International segments' revenue are expected to be a larger proportion in 2023 than in 2022 and generally carries higher SG&A expenses as percentages of total revenue and (ii) the impact of a change in the revenue mix between our direct-to-consumer distribution channel and our wholesale distribution channel as compared to 2022, as our direct-to-consumer distribution channel is expected to be a larger proportion in 2023 than in 2022 and generally carries higher SG&A expenses as a percentage of total revenue. These increases are expected to be partially offset by the net favorable impact of the 2022 cost savings initiative.

Goodwill Impairment

We recorded pre-tax noncash goodwill impairment charges of \$417 million in the thirty-nine weeks ended October 30, 2022 in conjunction with our annual goodwill and other indefinite-lived intangible asset impairment testing in the third quarter of 2022. The impairment was non-operational and driven by a significant increase in discount rates, as a result of then-current economic conditions. Please see Note 6, "Goodwill and Other Intangible Assets," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

Non-Service Related Pension and Postretirement Income

Non-service related pension and postretirement income in the thirty-nine weeks ended October 29, 2023 was \$1 million as compared to \$10 million in the thirty-nine week period of the prior year.

Non-service related pension and postretirement income (cost) recorded throughout the year is calculated using actuarial valuations that incorporate assumptions and estimates about financial market, economic and demographic conditions. Differences between estimated and actual results give rise to gains and losses that are recorded immediately in earnings, generally in the fourth quarter of the year, which can create volatility in our results of operations. We currently expect that non-service related pension and postretirement income for the full year 2023 will be approximately \$2 million. However, our expectation of 2023 non-service related pension and post-retirement income does not include the impact of an actuarial gain or loss. As a result of the recent volatility in the financial markets, there is significant uncertainty with respect to the actuarial gain or loss we may record on our retirement plans in 2023. We may record a significant actuarial gain or loss in 2023 if there is a significant increase or decrease in discount rates, respectively, or if there is a difference between the actual and expected return on plan assets. As such, our actual 2023 non-service related pension and postretirement income may be significantly different than our projections.

Equity in Net Income of Unconsolidated Affiliates

The equity in net income of unconsolidated affiliates was \$35 million in the thirty-nine weeks ended October 29, 2023 as compared to \$43 million in the thirty-nine week period of the prior year. These amounts relate to our share of income (loss) from our unconsolidated affiliates as described in the thirteen weeks discussion above. The equity in net income for the thirty-nine weeks ended October 29, 2023 decreased as compared to the prior year period primarily due to a \$16 million pre-tax net gain recorded in the second quarter of 2022 in connection with the Karl Lagerfeld transaction, partly offset by an increase in income attributable to our joint venture in Mexico and our PVH Legwear LLC joint venture. Our investments in the joint ventures are being accounted for under the equity method of accounting.

We currently expect that our equity in net income of unconsolidated affiliates for the full year 2023 will decrease to approximately \$45 million as compared to \$50 million in 2022 due to the absence in 2023 of the \$16 million pre-tax gain that we recorded in the second quarter of 2022 in connection with the Karl Lagerfeld transaction, partly offset by an increase in income attributable to our joint venture in Mexico and our PVH Legwear LLC joint venture.

Interest Expense, Net

Interest expense, net increased to \$68 million in the thirty-nine weeks ended October 29, 2023 from \$61 million in the thirty-nine week period of the prior year, primarily due to an increase in interest rates as compared to the prior year period.

Interest expense, net for the fourth quarter and full year 2023 are currently expected to be approximately \$25 million and approximately \$93 million, respectively, an increase compared to \$22 million and \$83 million, respectively, in 2022, primarily due to an increase in interest rates as compared to 2022.

Income Taxes

The effective income tax rate for the thirty-nine weeks ended October 29, 2023 was 22.3% compared to 45.1% in the thirty-nine week period of the prior year. The decrease in the effective income tax rate was primarily due to (i) the impact of the \$417 million noncash, non-deductible goodwill impairment charge recorded during the third quarter of 2022, which resulted in a pre-tax loss with no tax benefit and was factored into our annualized effective tax rate, and (ii) a change in the mix of international and domestic earnings.

We currently expect that our effective income tax rate for both the fourth quarter and full year 2023 will be approximately 22%.

We file income tax returns in more than 40 international jurisdictions each year. Our tax rate is affected by many factors, including the mix of international and domestic pre-tax earnings, discrete events arising from specific transactions and new regulations, as well as audits by tax authorities and the receipt of new information, any of which can cause us to change our estimate for uncertain tax positions.

LIQUIDITY AND CAPITAL RESOURCES

Cash Flow Summary and Trends

Cash and cash equivalents at October 29, 2023 was \$358 million, a decrease of \$193 million from the \$551 million at January 29, 2023. The change in cash and cash equivalents included the impact of \$266 million of completed common stock repurchases under the stock repurchase program. We ended the third quarter of 2023 with approximately \$1.4 billion of borrowing capacity available under our various debt facilities. The seasonality of our business results in significant fluctuations in our cash balance between fiscal year end and subsequent interim periods due, in part, to the timing of inventory purchases and peak sales periods.

Cash flow for the full year 2023 will be impacted by various factors, including, as discussed further below in this “Liquidity and Capital Resources” section, (i) mandatory long-term debt repayments of approximately \$112 million, subject to exchange rate fluctuations, (ii) the proceeds from the sale of our Warner’s, Olga and True&Co. businesses, which closed on November 27, 2023, for \$160 million in cash, and (iii) expected common stock repurchases under the stock repurchase program of approximately \$550 million. The planned common stock repurchases include an increase of \$150 million as compared to prior expectations, utilizing the net proceeds from the Heritage Brands intimate apparel transaction.

As of October 29, 2023, \$259 million of cash and cash equivalents was held by international subsidiaries. Our intent is to reinvest indefinitely substantially all of our historical earnings in foreign subsidiaries outside of the United States in jurisdictions in which we would expect to incur material tax costs upon distribution of such amounts. It is not practicable to estimate the amount of tax that might be payable if these earnings were repatriated due to the complexities associated with the hypothetical calculation.

Operations

Cash provided by operating activities was \$312 million in the thirty-nine weeks ended October 29, 2023 compared to \$276 million of cash used by operating activities in the thirty-nine weeks ended October 30, 2022. The increase in cash provided by operating activities as compared to the prior year period was primarily driven by changes in our working capital, including changes in inventories net of the related change in payables, primarily as a result of (a) a reduction in inventories in the current year period from the elevated levels of inventory we experienced in the second half of 2022 and (b) an increase in inventories during the prior year period as we were building back from lean inventory levels in 2021. Our cash flows from operations have been impacted by supply chain and logistics disruptions and have been and may continue to be impacted by lower consumer demand as a result of inflationary pressures, particularly in North America and to a lesser extent in Europe. In an effort to mitigate these impacts, we have been and continue to be focused on working capital management.

Supply Chain Finance Program

We have a voluntary supply chain finance program (the “SCF program”) administered through a third party platform that provides our inventory suppliers with the opportunity to sell their receivables due from us to participating financial institutions in advance of the invoice due date, at the sole discretion of both the suppliers and the financial institutions. We are not a party to the agreements between the suppliers and the financial institutions and have no economic interest in a supplier’s decision to sell a receivable. Our payment obligations, including the amounts due and payment terms, which generally do not exceed 90 days, are not impacted by suppliers’ participation in the SCF program. Please see Note 19, “Other Comments,” in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion of our SCF program.

Investments in Unconsolidated Affiliates

We received dividends of \$30 million and \$16 million from our investments in unconsolidated affiliates during the thirty-nine weeks ended October 29, 2023 and October 30, 2022, respectively. These dividends are included in our net cash provided (used) by operating activities in our Consolidated Statements of Cash Flows for the respective period.

Heritage Brands Intimate Apparel Sale

We entered into a definitive agreement on November 10, 2023 to sell our Warner’s, Olga and True&Co. businesses to Basic Resources for \$160 million in cash, subject to adjustment, and subsequently completed the sale on November 27, 2023. There is a potential earnout of up to \$10 million that we may receive subsequent to the earnout period, based on calendar year 2024 net sales of a portion of the sold businesses. Please see Note 4, “Assets Held for Sale,” in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

Karl Lagerfeld Transaction

We completed the sale of our approximately 8% economic interest in Karl Lagerfeld to a subsidiary of G-III on May 31, 2022 for \$20 million in cash, subject to customary adjustments, of which \$19 million was received in the second quarter of 2022 and the remaining \$1 million which was previously held in escrow was received in the fourth quarter of 2023. Please see Note 5, “Investments in Unconsolidated Affiliates,” in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

Capital Expenditures

Our capital expenditures in the thirty-nine weeks ended October 29, 2023 were \$163 million compared to \$195 million in the thirty-nine weeks ended October 30, 2022. We currently expect that capital expenditures for the full year 2023 will be approximately \$250 million as compared to \$290 million in 2022 and will primarily consist of (i) investments in (a) new stores and store renovations and (b) our information technology infrastructure worldwide, including information security, (ii) upgrades and enhancements to platforms and systems worldwide, including our digital commerce platforms, and (iii) enhancements to our warehouse and distribution network in Europe and North America.

Dividends

Cash dividends paid on our common stock totaled \$7 million and \$8 million during the thirty-nine weeks ended October 29, 2023 and October 30, 2022, respectively.

We currently project that cash dividends paid on our common stock in 2023 will be approximately \$9 million based on our current dividend rate, the number of shares of our common stock outstanding as of October 29, 2023, our estimate of stock to be issued during 2023 under our stock incentive plans and our estimate of stock repurchases for the remainder of 2023.

Acquisition of Treasury Shares

The Board of Directors has authorized over time beginning in 2015 an aggregate \$3.0 billion stock repurchase program through June 3, 2026. Repurchases under the program may be made from time to time over the period through open market purchases, accelerated share repurchase programs, privately negotiated transactions or other methods, as we deem appropriate. Purchases are made based on a variety of factors, such as price, corporate requirements and overall market conditions, applicable legal requirements and limitations, trading restrictions under our insider trading policy and other relevant factors. The program may be modified by the Board of Directors, including to increase or decrease the repurchase limitation or extend, suspend, or

terminate the program, at any time, without prior notice. Beginning January 1, 2023, our share repurchases in excess of issuances are subject to a 1% excise tax enacted by the Inflation Reduction Act.

During the thirty-nine weeks ended October 30, 2022, we purchased 5.1 million shares of our common stock under the program in open market transactions for \$326 million. During the thirty-nine weeks ended October 29, 2023, we purchased 3.2 million shares of our common stock under the program in open market transactions for \$268 million, excluding excise taxes of \$2 million. Purchases of \$6 million that were accrued for in our Consolidated Balance Sheet as of January 30, 2022 were paid in the first quarter of 2022. Purchases of \$2 million were accrued for in our Consolidated Balance Sheet as of October 29, 2023. As of October 29, 2023, the repurchased shares were held as treasury stock and \$555 million of the authorization remained available for future share repurchases, excluding excise taxes, as the excise taxes do not reduce the authorized amount remaining.

We currently expect common stock repurchases under the stock repurchase program of approximately \$550 million for the full year 2023, which includes an increase of \$150 million as compared to prior expectations, utilizing the net proceeds from the Heritage Brands intimate apparel transaction.

Treasury stock activity also includes shares that were withheld principally in conjunction with the settlement of restricted stock units and performance share units to satisfy tax withholding requirements.

Financing Arrangements

Our capital structure was as follows:

(In millions)	10/29/23	1/29/23	10/30/22
Short-term borrowings	\$ 18	\$ 46	\$ 98
Current portion of long-term debt	665	112	37
Finance lease obligations	10	12	10
Long-term debt	1,571	2,177	2,109
Stockholders' equity	5,054	5,013	4,823

In addition, we had \$358 million, \$551 million and \$457 million of cash and cash equivalents as of October 29, 2023, January 29, 2023 and October 30, 2022, respectively.

We expect to make long-term debt repayments of approximately \$112 million during 2023, which includes \$100 million of debentures that were repaid on November 15, 2023 at maturity.

Short-Term Borrowings

We have the ability to draw revolving borrowings under the senior unsecured credit facilities discussed below in the section entitled "2022 Senior Unsecured Credit Facilities." We had no revolving borrowings outstanding under these facilities as of October 29, 2023.

Additionally, we have the ability to borrow under short-term lines of credit, overdraft facilities and short-term revolving credit facilities denominated in various foreign currencies. These facilities provided for borrowings of up to \$207 million based on exchange rates in effect on October 29, 2023 and are utilized primarily to fund working capital needs. We had \$18 million outstanding under these facilities as of October 29, 2023. The weighted average interest rate on funds borrowed as of October 29, 2023 was 0.25%.

Commercial Paper

We have the ability to issue unsecured commercial paper notes with maturities that vary but do not exceed 397 days from the date of issuance primarily to fund working capital needs. We had no borrowings outstanding under the commercial paper note program as of October 29, 2023.

Finance Lease Obligations

Our cash payments for finance lease liabilities totaled \$3 million in each of the thirty-nine weeks ended October 29, 2023 and October 30, 2022.

2022 Senior Unsecured Credit Facilities

On December 9, 2022, we entered into new senior unsecured credit facilities (the “2022 facilities”), the proceeds of which, along with cash on hand, were used to repay all of the outstanding borrowings under the 2019 facilities (as defined below), as well as the related debt issuance costs.

The 2022 facilities consist of (a) a €441 million euro-denominated Term Loan A facility (the “Euro TLA facility”), (b) a \$1.150 billion United States dollar-denominated multicurrency revolving credit facility (the “multicurrency revolving credit facility”), which is available in (i) United States dollars, (ii) Australian dollars (limited to A\$50 million), (iii) Canadian dollars (limited to C\$70 million), or (iv) euros, yen, pounds sterling, Swiss francs or other agreed foreign currencies (limited to €250 million), and (c) a \$50 million United States dollar-denominated revolving credit facility available in United States dollars or Hong Kong dollars (together with the multicurrency revolving credit facility, the “revolving credit facilities”). The 2022 facilities are due on December 9, 2027.

We had loans outstanding of \$455 million, net of debt issuance costs and based on applicable exchange rates, under the Euro TLA facility as of October 29, 2023.

We made payments of \$9 million on our term loan under the 2022 facilities during the thirty-nine weeks ended October 29, 2023. We made payments of \$23 million on our term loan under the 2019 facilities during the thirty-nine weeks ended October 30, 2022.

2019 Senior Unsecured Credit Facilities

On April 29, 2019, we entered into senior unsecured credit facilities (as amended, the “2019 facilities”). We replaced the 2019 facilities with the 2022 facilities on December 9, 2022 as discussed above in the section entitled “2022 Senior Unsecured Credit Facilities.” The 2019 facilities included a €500 million euro-denominated Term Loan A facility, of which €441 million was outstanding as of the date it was replaced, and senior unsecured revolving credit facilities.

Our financing arrangements contain financial and non-financial covenants and customary events of default. As of October 29, 2023, we were in compliance with all applicable financial and non-financial covenants under our financing arrangements.

As of October 29, 2023, our issuer credit was rated BBB- by Standard & Poor’s with a positive outlook and our corporate credit was rated Baa3 by Moody’s with a stable outlook, and our commercial paper was rated A-3 by Standard & Poor’s and P-3 by Moody’s. In assessing our credit strength, we believe that both Standard & Poor’s and Moody’s considered, among other things, our capital structure and financial policies, our consolidated balance sheet, our historical acquisition activity and other financial information, as well as industry and other qualitative factors.

Please see Note 8, “Debt,” in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for a schedule of mandatory long-term debt repayments for the remainder of 2023 through 2028.

Please see Note 8, “Debt,” in the Notes to Consolidated Financial Statements included in Item 8 of our Annual Report on Form 10-K for the year ended January 29, 2023 for further discussion of our debt.

CRITICAL ACCOUNTING POLICIES

Our consolidated financial statements are based on the selection and application of significant accounting policies, which require management to make significant estimates and assumptions. Our significant accounting policies are outlined in Note 1, “Summary of Significant Accounting Policies,” in the Notes to Consolidated Financial Statements included in Item 8 of our Annual Report on Form 10-K for the year ended January 29, 2023. During the thirty-nine weeks ended October 29, 2023, there were no significant changes to our critical accounting policies from those described in our Annual Report on Form 10-K for the year ended January 29, 2023.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Financial instruments held by us as of October 29, 2023 primarily include cash and cash equivalents, short-term borrowings, long-term debt, foreign currency forward contracts and cross-currency swap contracts. Note 11, "Fair Value Measurements," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report outlines the fair value of our financial instruments as of October 29, 2023. Cash and cash equivalents held by us are affected by short-term interest rates. Given our balance of cash and cash equivalents at October 29, 2023, the effect of a 10 basis point change in short-term interest rates on our interest income would be approximately \$0.4 million annually. Borrowings under the 2022 facilities bear interest at a rate equal to an applicable margin plus a variable rate. As such, the 2022 facilities expose us to market risk for changes in interest rates. As of October 29, 2023, approximately 80% of our long-term debt was at a fixed interest rate, with the remaining (euro-denominated) balance at a variable interest rate. Interest on the euro-denominated debt is subject to change based on fluctuations in the one-month EURIBOR. The effect of a 10 basis point change in the current one-month EURIBOR on our variable interest expense would be approximately \$0.5 million, annually. Please see "Liquidity and Capital Resources" in the Management's Discussion and Analysis section included in Part I, Item 2 of this report for further discussion of our credit facilities.

Our Tommy Hilfiger and Calvin Klein businesses each have substantial international components that expose us to significant foreign exchange risk. Our Heritage Brands business also has international components but those components are not significant to the business. Over 65% of our \$9.0 billion of revenue in 2022 was generated outside of the United States. Changes in exchange rates between the United States dollar and other currencies can impact our financial results in two ways: a translational impact and a transactional impact.

The translational impact refers to the impact that changes in exchange rates can have on our results of operations and financial position. The functional currencies of our foreign subsidiaries are generally the applicable local currencies. Our consolidated financial statements are presented in United States dollars. The results of operations in local foreign currencies are translated into United States dollars using an average exchange rate over the representative period and the assets and liabilities in local foreign currencies are translated into United States dollars using the closing exchange rate at the balance sheet date. Foreign exchange differences that arise from the translation of our foreign subsidiaries' assets and liabilities into United States dollars are recorded as foreign currency translation adjustments in other comprehensive (loss) income. Accordingly, our results of operations and other comprehensive (loss) income will be unfavorably impacted during times of a strengthening United States dollar, particularly against the euro, the Japanese yen, the Korean won, the British pound sterling, the Australian dollar, the Canadian dollar and the Chinese yuan renminbi, and favorably impacted during times of a weakening United States dollar against those currencies.

We currently expect our 2023 revenue and net income to increase by approximately \$45 million and \$7 million, respectively, due to the impact of foreign currency translation.

During the thirty-nine weeks ended October 29, 2023, we recognized unfavorable foreign currency translation adjustments of \$150 million within other comprehensive (loss) income principally driven by a strengthening of the United States dollar against the euro of 3% since January 29, 2023, and a strengthening of the United States dollar against certain currencies in the Asia-Pacific region (primarily the strengthening of the United States dollar against both the Chinese yuan renminbi of 7% and the Australian dollar of 11% since January 29, 2023). Our foreign currency translation adjustments recorded in other comprehensive (loss) income are significantly impacted by the substantial amount of goodwill and other intangible assets denominated in the euro, which represented 40% of our \$5.4 billion total goodwill and other intangible assets as of October 29, 2023. This translational impact was partially mitigated by the change in the fair value of our net investment hedges discussed below.

A transactional impact on financial results is common for apparel companies operating outside the United States that purchase goods in United States dollars, as is the case with most of our foreign operations. Our results of operations will be unfavorably impacted during times of a strengthening United States dollar, as the increased local currency value of inventory results in a higher cost of goods in local currency when the goods are sold, and favorably impacted during times of a weakening United States dollar, as the decreased local currency value of inventory results in a lower cost of goods in local currency when the goods are sold. We also have exposure to changes in foreign currency exchange rates related to certain intercompany transactions and SG&A expenses. We currently use and plan to continue to use foreign currency forward contracts or other derivative instruments to mitigate the cash flow or market value risks associated with these inventory and intercompany transactions, but we are unable to entirely eliminate these risks. We enter into foreign currency forward contracts pertaining to United States dollar inventory purchases by foreign subsidiaries up to 18 months in advance for a portion of the projected purchases and may enter into incremental contracts leading up to the time the inventory purchases occur.

We currently expect our 2023 net income to decrease by approximately \$75 million as compared to 2022 due to the transactional impact of foreign currency with an expected negative impact to our 2023 gross margin of approximately 100 basis points.

Given our foreign currency forward contracts outstanding at October 29, 2023, the effect of a 10% change in foreign currency exchange rates against the United States dollar would result in a change in the fair value of these contracts of approximately \$100 million. Any change in the fair value of these contracts would be substantially offset by a change in the fair value of the underlying hedged items.

In order to mitigate a portion of our exposure to changes in foreign currency exchange rates related to the value of our investments in foreign subsidiaries denominated in the euro, we use both non-derivative instruments (the par value of certain of our foreign-denominated debt) and derivative instruments (cross-currency swap contracts), which we designate as net investment hedges. We designated the par value of our €1.125 billion aggregate principal amount of senior notes issued by PVH Corp., a U.S.-based entity, as net investment hedges of our investments in certain of our foreign subsidiaries that use the euro as their functional currency. In addition, we entered into multiple receive fixed-rate United States dollar-denominated interest and pay fixed-rate euro-denominated interest cross-currency swap contracts in the third quarter of 2023, which we also designated as net investment hedges of our investments in certain of our foreign subsidiaries that use the euro as their functional currency. Please see Note 10, "Derivative Financial Instruments," in the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for further discussion.

The effect of a 10% change in the euro against the United States dollar would result in a change in the fair value of the net investment hedges of approximately \$165 million. Any change in the fair value of the net investment hedges would be more than offset by a change in the value of our investments in certain of our European subsidiaries. Additionally, during times of a strengthening United States dollar against the euro, we would be required to use a lower amount of our cash flows from operations to pay interest and make long-term debt repayments on our euro-denominated senior notes and to settle our cross-currency swap contracts, whereas during times of a weakening United States dollar against the euro, we would be required to use a greater amount of our cash flows from operations to pay interest and make long-term debt repayments on these notes and to settle our cross-currency swap contracts.

Included in the calculations of expense and liabilities for our pension plans are various assumptions, including return on assets, discount rates, mortality rates and future compensation increases. Actual results could differ from these assumptions, which would require adjustments to our balance sheet and could result in volatility in our future pension expense. Holding all other assumptions constant, a 1% change in the assumed rate of return on assets would result in a change to 2023 net benefit cost related to the pension plans of approximately \$5 million. Likewise, a 0.25% change in the assumed discount rate would result in a change to 2023 net benefit cost of approximately \$23 million.

ITEM 4 - CONTROLS AND PROCEDURES

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. Disclosure controls and procedures are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There have been no changes in our internal control over financial reporting during the period to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

We are currently undertaking a major multi-year SAP S/4 implementation to upgrade our platforms and systems worldwide. The implementation is occurring in phases over multiple years. We successfully launched the Global Finance functionality on the SAP S/4 platform in Asia and North America in the first quarter of 2020 and the commercial functionality on the SAP S/4 platform for certain businesses in North America in the third quarter of 2021 and for certain businesses in Asia in the first and third quarters of 2023.

As a result of this multi-year implementation, we have made certain changes to our processes and procedures, including as a result of the functionality launched to date, which have resulted in changes to our internal control over financial reporting. However, these changes were not material. We expect to continue to make changes as we launch the commercial functionality for additional businesses in future periods. While we expect this implementation to strengthen our internal control over financial reporting by automating certain manual processes and standardizing business processes and reporting across our organization, we will continue to evaluate and monitor our internal control over financial reporting for material changes as processes and procedures in the affected areas evolve. For a discussion of risks related to the implementation of new systems and hardware, please see our Information Technology risk factor *"We rely significantly on information technology. Our business and reputation could be adversely impacted if our computer systems, or systems of our business partners and service providers, are disrupted or cease to operate effectively or if we or they are subject to a data security or privacy breach"* in Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended January 29, 2023.

PART II – OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

We are a party to certain litigations which, in management's judgment based, in part, on the opinion of legal counsel, will not have a material adverse effect on our financial position.

ITEM 1A - RISK FACTORS

Please refer to Item 1A. Risk Factors in our Annual Report on Form 10-K for the fiscal year ended January 29, 2023 for a description of certain significant risks and uncertainties to which our business, financial condition and results of operations are subject. There have been no material changes to these risk factors as of October 29, 2023.

ITEM 2 - UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

ISSUER PURCHASES OF EQUITY SECURITIES

Period	(a) Total Number of Shares (or Units) Purchased ⁽¹⁾⁽²⁾	(b) Average Price Paid per Share (or Unit) ⁽¹⁾⁽²⁾⁽³⁾	(c) Total Number of Shares (or Units) Purchased as Part of Publicly Announced Plans or Programs ⁽¹⁾	(d) Maximum Number (or Approximate Dollar Value) of Shares (or Units) that May Yet Be Purchased Under the Plans or Programs ⁽¹⁾
July 31, 2023 - August 27, 2023	264,007	\$ 83.95	252,450	\$ 602,184,433
August 28, 2023 - October 1, 2023	371,080	78.59	334,250	575,953,017
October 2, 2023 - October 29, 2023	285,833	73.72	283,250	555,077,759
Total	920,920	\$ 78.62	869,950	\$ 555,077,759

⁽¹⁾The Company's Board of Directors has authorized over time beginning in 2015 an aggregate \$3.0 billion stock repurchase program through June 3, 2026. Repurchases under the program may be made from time to time over the period through open market purchases, accelerated share repurchase programs, privately negotiated transactions or other methods, as we deem appropriate. Purchases are made based on a variety of factors, such as price, corporate requirements and overall market conditions, applicable legal requirements and limitations, trading restrictions under our insider trading policy and other relevant factors. The program may be modified by the Board of Directors, including to increase or decrease the repurchase limitation or extend, suspend, or terminate the program, at any time, without prior notice. Excise taxes do not reduce the authorized amount remaining under this program.

⁽²⁾Our Stock Incentive Plan provides us with the right to deduct or withhold, or require employees to remit to us, an amount sufficient to satisfy any applicable tax withholding requirements applicable to stock-based compensation awards. To the extent permitted, employees may elect to satisfy all or part of such withholding requirements by tendering previously owned shares or by having us withhold shares having a fair market value equal to the minimum statutory tax withholding rate that could be imposed on the transaction. Included in this table are shares withheld during the third quarter of 2023 in connection with the settlement of restricted stock units and performance share units to satisfy tax withholding requirements.

⁽³⁾Average price paid per share (or unit) excludes excise taxes.

ITEM 5 - OTHER INFORMATION

SECURITIES TRADING PLANS OF DIRECTORS AND OFFICERS

During the quarterly period ended October 29, 2023, no director or officer (as defined in Rule 16a-1(f) under the Exchange Act) of the Company adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as each term is defined in Item 408(a) of Regulation S-K.

ITEM 6 - EXHIBITS

The following exhibits are included herein:

- 3.1 [Amended and Restated Certificate of Incorporation of PVH Corp. \(incorporated by reference to Exhibit 3.1 to our Current Report on Form 8-K, filed June 21, 2019\); Certificate of Amendment to the Amended and Restated Certificate of Incorporation of PVH Corp., filed on June 22, 2023 \(incorporated by reference to Exhibit 3.2 to our Quarterly Report on Form 10-Q for the period ended July 30, 2023\).](#)
- 3.2 [By-Laws of PVH Corp., as amended through June 20, 2019 \(incorporated by reference to Exhibit 3.2 to our Current Report on Form 8-K, filed on June 21, 2019\).](#)
- 4.1 [Specimen of Common Stock certificate \(incorporated by reference to Exhibit 4.1 to our Quarterly Report on Form 10-Q for the period ended July 31, 2011\).](#)
- 4.2 [Indenture, dated as of November 1, 1993, between Phillips-Van Heusen Corporation and The Bank of New York, as Trustee \(incorporated by reference to Exhibit 4.01 to our Registration Statement on Form S-3 \(Reg. SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

PVH CORP.

Registrant

Dated: December 7, 2023

/s/ JAMES W. HOLMES

James W. Holmes

Executive Vice President and Controller (Principal Accounting Officer)

I, Stefan Larsson, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of PVH Corp.;
2. Based on my knowledge, this Quarterly Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Quarterly Report;
3. Based on my knowledge, the financial statements, and other financial information included in this Quarterly Report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this Quarterly Report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and we have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this Quarterly Report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this Report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
 - d. Disclosed in this Report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
